

# Task Force for the Future of Academic Libraries in Florida

<b>Charge to the Task Force</b>	
Determine a vision and develop a strategic plan for the future of academic library access, resources and services in Florida that encompasses emerging trends and changing realities in the areas of instruction, research, technology and public services within the context of the academic mission. The plan needs to assess ramifications of the identified trends and realities on currently utilized tools and organizations and the impact on our students, faculty and academic community. (Due Date: January 2012)
