February 1, 2012

The Honorable Rick Scott  
Governor, State of Florida  
Plaza Level 05, The Capitol  
400 South Monroe Street  
Tallahassee, Florida  32399

Dear Governor Scott:

Attached is your copy of the State University System 2010-2011 Annual Accountability Report that was approved by the Board of Governors at its January 18-19, 2012 meeting. You will note that the report has been redesigned to streamline what was previously two volumes of information into a 27-page document providing the System’s key performance metrics. The report also includes the Board’s performance-based “dashboard” (launched two years ago) that tracks key metrics for the System.

To view the full data set for the System and individual institutional reports, visit www.flbog.edu, where you also can explore a new interactive dashboard that allows the user to retrieve performance data on multiple institutions at once.

The Annual Accountability Report, along with the university multi-year work plans and the Board’s new Strategic Plan (2012-2025), form the foundation for the System’s accountability system.

This document also fulfills certain statutory reporting requirements such as: Accountability components in Section 1008.46, Florida Statutes; Florida 21st Century Technology, Research and Scholarship Enhancement Act in Section 1004.226(9), F.S.; Tuition differential fee in Section 1009.24(16)(e), F.S. (transmitted and posted in tandem); Enrollment planning and budgeting information in Section 1011.90, F.S.; and Program approval in Section 1004.03(1), F.S.
We have been working for more than two years to build a holistic framework of accountability that encompasses the unique missions of each institution within the System. Please let me know if you have any questions regarding the report or the Board of Governors’ efforts to create a more effective, efficient and accountable university system.

Sincerely,

Frank T. Brogan
Chancellor
