STATE UNIVERSITY SYSTEM OF FLORIDA
2007-2008 Alec P. Courtelis
Facility Enhancement Challenge Grant Program List**

Pursuant to Florida Statutes, Facilities Enhancement Challenge Grant Program projects must support instruction or research, be included in the institutions' Five-Year Capital Improvement Program, and the private cash matching must be on deposit. When the universities have projects eligible for challenge grant program funding, a challenge grant program list is prepared. At the September 21, 2006, Board of Governors meeting, all potential projects were included on the project list. This January list reports actual cash collections by the universities, resulting in some projects being removed and some new projects added. This revised list will be submitted to the Governor and Legislature. State matching funds for the facilities enhancement matching program are recommended for eligible projects as proposed by the universities. This is consistent with the Board of Governors' Fixed Capital Outlay Legislative Budget Request Guidelines approved March 23, 2006.
