

State University System
University Issues Addressing the *SUS Strategic Plan*

In reviewing all of the issues submitted by the universities common themes appeared. University issues were clustered under these common themes.

This attachment identifies the common themes and the university specific issue that supports each of the Board's Strategic Plan goal. In addition the following information is provided by column:

1. the issue priority as identified by the board of trustees
2. the total issue cost based on the universities 8% allocation submission
3. the portion of the issue that could be funded with non-recurring state funds
4. the issue cost if only 5% is allocated to each university
 - a. if an issue could only be partially funded a 'P' is designated or if funding is added to an issue a 'A' is designated.
