AUTHORITY FOR BOARD OF GOVERNORS ACTION

N/A

BACKGROUND INFORMATION

The Chairman directed activities aimed at following up on the three targeted programs that made up the Board's NET Gain initiatives: Engineering, Nursing and Teaching. Board member Dr. Stanley Marshall was asked to provide leadership and direction to the "Teaching" component of this project, which has focused on addressing the increasing need for high quality teachers, in light of the realities facing Florida's communities, schools and classroom teachers. Dr. Marshall will make a presentation to the Committee.

Supporting Documentation Included: Dr. Marshall will provide a copy of his report during the meeting
