BACKGROUND INFORMATION

The 2006 session of the Florida Legislature ended on May 5, 2006. During that session, the Legislature acted on the Board of Governors approved substantive legislative agenda, and a facilities funding (PECO) request. This report provides members of the Board of Governors with the status of those issues as well as the status of other issues from the 2006 session that were of interest to the Board, the genesis of which came from sources other than the Board of Governors.

The Legislature has sent the PECO budget and numerous substantive bills passed in the 2006 session to the Governor for signature. Three attachments have been prepared to summarize the actions of the Legislature during the 2006 session.

Supporting Documentation Included: Three tables have been prepared to summarize the actions of the 2006 Legislature. They are the 2006 Substantive Issues Agenda Status Report, 2006 Enrolled Bills Status Report, and the list of 2006 PECO projects after vetoes.
