SUBJECT: Public Notice of Intent to Amend Board of Governors Regulation 6.004 –
Transfer Students - Undergraduate

PROPOSED BOARD ACTION

Approve public notice of intent to amend Regulation 6.004 for publication on the Board of Governors Web site pursuant to the Board’s regulation development procedure.

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Section 7(d), Article IX, Florida Constitution

BACKGROUND INFORMATION

Board of Governors Regulation 6.004, Transfer Students – Undergraduates, has not been updated since 1995. The draft regulation includes a new title (i.e., Admission of Undergraduate, Degree-Seeking Transfer Students) and conforms to changes in public postsecondary education and to state university admissions since the 1990s. These changes address the responsibility of the university boards of trustees for the admission process and accommodate the development of the Florida College System as a baccalaureate degree-granting sector of public education. Sections of the regulation are removed due to being outdated. Other sections are removed because they were inapplicable to admissions or because the topic is covered already in another regulation.

The draft regulation has been reviewed by the Council of Academic Vice Presidents, the Council of Student Affairs, the Admission Directors and Registrars Committee, and the university general counsels.
