

BOARD OF GOVERNORS
STATE UNIVERSITY SYSTEM OF FLORIDA
Strategic Planning and Academic and System Oversight Committee
August 6, 2009

SUBJECT: Bachelor of Science in Sport Management at Florida State University

PROPOSED BOARD ACTION

Consider for Limited Access status the Bachelor of Science in Sport Management at Florida State University, CIP Code 31.0504

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Section 7(d), Article IX, Florida Constitution, Board of Governors Regulation 8.013

BACKGROUND INFORMATION

Regulation 8.013, approved by the Board of Governors on March 29, 2007, states that a program may be considered for Limited Access status if (1) the number of students who have met all the requirements for admission to the university and to the program is in excess of available resources such as space, equipment, or other instructional facilities; clinical facilities; or adequate faculty to meet acceptable student-faculty ratios; or (2) the program is of such a nature (normally in the fine or performing arts) that applicants must demonstrate that they already have the minimum skills necessary to benefit from the program; or (3) the program is of such a nature that applicants must attain a grade point average and/or other standard (e.g., standardized test scores) above those required for admission to the university offering the program.

Florida State University has requested Limited Access status for the newly implemented Bachelor of Science degree in Sport Management due to limitations on the number of personnel, program budget, and classroom space available. If approval is granted, applicants who meet the common prerequisites and other academic requirements will be rank ordered by the department based on overall GPA, and the top 100 students will be accepted into the Sport Management program. There are plans to increase enrollment as tenure-track faculty lines are filled.

If approved, FSU plans to implement Limited Access Status effective immediately.
