STATE UNIVERSITY SYSTEM OF FLORIDA
August 6, 2009**

SUBJECT: Public Notice of Intent to Amend Board of Governors Regulation Section 14.005, Certification and Competitive Selection of Architects/Engineers (Construction Program)

PROPOSED BOARD ACTION

Approve Public Notice of Intent to Amend Board of Governors Regulation Section 14.005, Certification and Competitive Selection of Architects/Engineers

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Section 7(d), Art. IX, Florida Constitution

BACKGROUND INFORMATION

The 2009 legislative session yielded Senate Bill 2666, which made changes to various components of the construction program language. The bill increased the threshold for individual projects under a construction contract, from \$1 million to \$2 million.

The proposed regulation amendment removes reference to the aforementioned threshold and provides enhanced clarity to the existing language.

The proposed language was developed in conjunction with university staff. No adverse impact has been identified by adoption of these regulations.
