

**State University System**  
**House Education Appropriations Committee**  
**2005-2006 Budget Recommendations**  
**March 23, 2005**

This committee reported their proposed Education budget this evening. The following highlights for the State University System include:

**Overall:**

- ✓ Recommends a \$102.4 million (5.1%) increase over the 2004-2005 recurring base appropriation. However, the recommendation is \$110.3 million (4.9%) under the total 2004-2005 state appropriation.
- ✓ Recommends a 7.5% tuition increase for all levels. Universities would have discretion to increase graduate and out-of-state student tuition above 7.5%. A 7.5% tuition increase would generate approximately \$52 million.
- ✓ Re-institutes the appropriation of student tuition budget authority.

**University Specific Funding Issues:**

- ✓ Enrollment growth funding for 7,292 full-time equivalent students - \$31.6 million (BOG requested \$78 million. The recommendation would fund 40.4% of the BOG request.)
