

**BOARD OF GOVERNORS
FACILITIES COMMITTEE**

**Public Education Capital Outlay (PECO)
Policy Questions**

1. The Board of Governors Strategic Plan establishes system goals and priorities. One section of the plan allows each university to reflect its goals for meeting community needs and fulfilling unique institutional responsibilities. In allocating PECO funds, what is the appropriate balance between meeting system goals and fulfilling local responsibilities?
2. Should every university receive funds every year?
3. How should funding allocations to universities be determined?
4. Should planned expenditures of non-PECO capital outlay funds, such as funds for Matching Gifts, be taken into consideration when allocating PECO funds?
5. Prior to approving construction of new buildings, how can the Board of Governors be assured that current space is being used in the most efficient manner possible?
