

**BOARD OF GOVERNORS  
State University System**

**Student Health Insurance Task Force  
2009**

**Charge**

- Provide an update on student health insurance issues and trends, nationally and in Florida.
- Examine the various types of student health insurance programs, including mandatory health insurance, available to Florida State University System students. Analyze the impact of these insurance options on student health and well-being, the cost of attendance, financial aid, and student fees.
- Identify and target areas where efficiencies might be gained in the provision of health insurance to SUS students, such as consortia arrangements and reimbursement options for medical and counseling services.
