

**BOARD OF GOVERNORS
STATE UNIVERSITY SYSTEM OF FLORIDA
THE OFFICE OF THE INSPECTOR GENERAL AND
DIRECTOR OF COMPLIANCE CHARTER
Final Draft for Full Board Approval**

INTRODUCTION:

This Charter shall establish clear lines of authority, responsibility, and expectations related to the Office of Inspector General and Director of Compliance (“Inspector General”), which shall coordinate activities designed to promote accountability, efficiency, and effectiveness in the operations of the Board of Governors for the State University System of Florida (“Board”) and activities to support accountable, efficient, and effective practices throughout the system.

The Charter is presented with the following sections consistent with the Audit and Compliance Committee Charter: I. Organization, II. Authority, III. Independence, IV. Professional Standards, V. Scope of Work, VI. Audit Planning, and VII. Annual Review.

I. ORGANIZATION:

The Inspector General shall provide leadership and coordination of audit and compliance functions for the Board and is generally responsible for promoting activities that ensure accountability, financial integrity, and efficiency as required by law.

The Audit and Compliance Committee serves as the central point for demonstrating the Board’s commitment to accountability, financial integrity, and efficiency in the operations of the State University System. The Audit and Compliance Committee is comprised of five to nine members of the Board appointed by the Chair and should include at least one member who is a “financial expert.”¹

The Chancellor for the State University System of Florida (“Chancellor”) is primarily responsible for providing support to the Board in achieving its mission, goals, and objectives. Among other duties, the Chancellor is responsible for the development and implementation of Board policies and the day-to-day operations of the Board Office, including supervision of professional and support staff.

¹ Financial expert is defined as having expertise through education and/or substantial practical business experience in the function and meaning of financial statements and an understanding of proper oversight and accountability for financial matters.

The Board's Audit and Compliance Committee, the Board's Inspector General, the audit committees of the respective Boards of Trustees for the state universities and their respective internal audit executives each serve important roles in ensuring that processes are in place to meet the State University System's responsibility for accountability, financial integrity and efficiency.

II. AUTHORITY:

Article IX, Section 7, subsection (d) of the Florida Constitution mandates that the Board operate, regulate, control, and be fully responsible for the management of the State University System of Florida, including but not limited to defining the distinctive mission of each constituent university and its articulation with free public schools and community colleges; ensuring the well-planned coordination and operation of the system; and avoiding wasteful duplication of facilities or programs. The Board's management is subject to the powers of the Legislature to appropriate for the expenditure of funds, and the Board is required to account for such expenditures as provided by law. Under Article IX, Section 7 of the Florida Constitution and Board authorizations, the Board of Trustees of each university in the State University System is responsible for oversight and administration of the university.

The authority of the Audit and Compliance Committee comprises the specific duties and responsibilities delegated to it by the Board as set forth in the Committee's Charter adopted on March 26, 2009.

The Board has established the Office of Inspector General which shall provide leadership and coordination of audit, investigative, and compliance functions for the Board Office and shall generally promote activities within the State University System designed to ensure accountability, financial integrity, and efficiency.

III. INDEPENDENCE:

To achieve the necessary independence and to ensure maximum effectiveness and coordination, the Inspector General has a dual reporting relationship with the Audit and Compliance Committee and the Chancellor. The Inspector General shall report functionally to the Audit and Compliance Committee and shall report administratively directly to the Chancellor.

To "report functionally" to the Audit and Compliance Committee shall mean the Inspector General must, among other duties, provide to the Committee:

- the proposed internal risk assessment and audit plan for the Board Office,
- reports on the results of internal audits and investigations relating to the Board Office, and
- information on other matters as requested by the Committee, or as may be required by law, applicable auditing standards or the independent professional judgment of the Inspector General.

To “report administratively” to the Chancellor shall mean all matters within the Board’s office management structure that facilitate day-to-day operations of the internal audit and investigation function such as budgeting, human resources administration, internal communication flows, and administration of Board Office internal policies and procedures.

This dual reporting relationship is designed to ensure effective communication and coordination of activities while still demonstrating that the Inspector General is not impaired in any manner from performing his or her mandated duties and responsibilities.

All internal audit activities related to the Board Office shall remain free of influence by any other employee of the Board, including matters of audit selection, scope, procedures, frequency, timing, or report content to ensure the continuation of independent and objective actions necessary to render accurate and unbiased conclusions and findings. In addition, no employee of the Board shall prevent or prohibit the Inspector General from initiating, carrying out, or completing any audit or investigation that is authorized by the Board or required by law. However, the Board, the Audit and Compliance Committee, or the Chancellor may at any time direct the Inspector General to perform an audit of a special program, function, or organizational unit of the Board Office.

IV. PROFESSIONAL STANDARDS:

The Inspector General shall conduct all of its activities in accordance with the current *International Standards for the Professional Practice of Internal Auditing* published by the Institute of Internal Auditors, Inc., or, where appropriate, in accordance with *Government Auditing Standards*, published by the Comptroller General of the United States, and *the Principles and Standards for Offices of Inspector General* published by the Association of Inspectors General. All reports issued by the Inspector General shall include a statement that the audit or investigation was conducted pursuant to the appropriate standards.
