

**STATE UNIVERSITIES OF FLORIDA
Limited Access Program Request
Reference: 6C-6.001 Admissions, FAC**

University: Florida International University
Degree(s) offered: Bachelor of Science in Hospitality Management
Program: Hospitality Management
Six digit CIP code: 52.0901

1. Will the entire program be limited access or only a specific track?

We only offer one degree: Bachelor of Science in Hospitality Management. The entire degree will be limited access.

2. If only a track is limited access, please specify the name of the track

n/a

3. How many students will the program plan to accommodate?

We can accommodate up to 1100 undergraduate students.

4. When do you propose to initiate limited access?

Immediately upon approval by the Board of Governors.

5. What is the justification for limiting access?

Limited resources are available (e.g. faculty-to-student ratio too high for adequate classroom teaching and lab supervision).

6. By what means will access be limited? Please provide a description of the program's admissions requirements and procedures, and indicate how these requirements and procedures ensure equal access for Florida community college Associate of Arts degree graduates in the competition for available space in the program.

We are requesting the minimum GPA for all applicants to be increased to 2.25 (from 2.0) when reaching 60 credits to qualify for admission to the program. Students with an Associate of Arts degree will need a 2.25 GPA, the same as other transfer students. We do not expect the increased GPA requirement to have a significant impact on the Florida Associate of Arts applicant pool.

7. Present the current race and gender profiles of the students in the program. Discuss the impact of the proposed action on the race and gender profiles. Cite sources used for discussion. What strategies, should they be necessary, will be used to promote diversity in the program.

See Appendix A for current race and gender profiles. We do not expect our limited access status to impact our race or gender profiles as the vast majority of our transfer students enter with above 2.25 GPA.

8. Are the graduates of the program in high demand? If so, and if the program is to be limited due to lack of adequate resources, provide a justification for limiting access to the program rather than reallocating resources from programs with a low marked demand.

Yes, our graduates are in high demand by the hospitality industry, which is evident by the great number of companies (96) that post positions and/or visit the FIU School of Hospitality and Tourism Management to recruit our students on a regular basis.
