

STATE UNIVERSITY SYSTEM OF FLORIDA
BOARD OF GOVERNORS
Facilities Committee
June 18, 2015

SUBJECT: University of North Florida Educational Plant Survey Validation

PROPOSED COMMITTEE ACTION

Review and validate the completed University of North Florida “UNF” Educational Plant Survey.

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution; Sections 1013.03 and 1013.31, Florida Statutes

BACKGROUND INFORMATION

An educational plant survey is required at least once every five (5) years for all public educational entities, including state universities. At the request of UNF, Board staff facilitated and coordinated the Survey Team, and participated with university staff to ensure that all the requirements of section 1013.31, Florida Statutes, were met. In addition to UNF and Board staff, the team included staff from UCF, FIU, FAU and UF. The completed Educational Plant Survey Report was approved by the UNF Board of Trustees on March 17, 2015. (See attached). This survey covers the period July 1, 2015 through June 30, 2020.

A summary of the Survey Team recommendations may be found on pages 33-34 of the report. Sections A and B of the Appendices (pages 39-49) consist of standard documentation regarding the Educational Plant Survey process, factors and formula and have been removed from the supporting documentation for brevity purposes.

The final Educational Plant Survey Report, which is in compliance with the requirements of section 1013.31, Florida Statutes, is ready for Board consideration for validation. Once validated by the Board, survey recommended projects may be included on the Capital Improvement Plan, and are eligible for PECO funding.

Supporting Documentation Included: UNF Educational Plant Survey Report

Facilitators/Presenters: Mr. Chris Kinsley
