

MOVE UP. MOVE ONLINE.

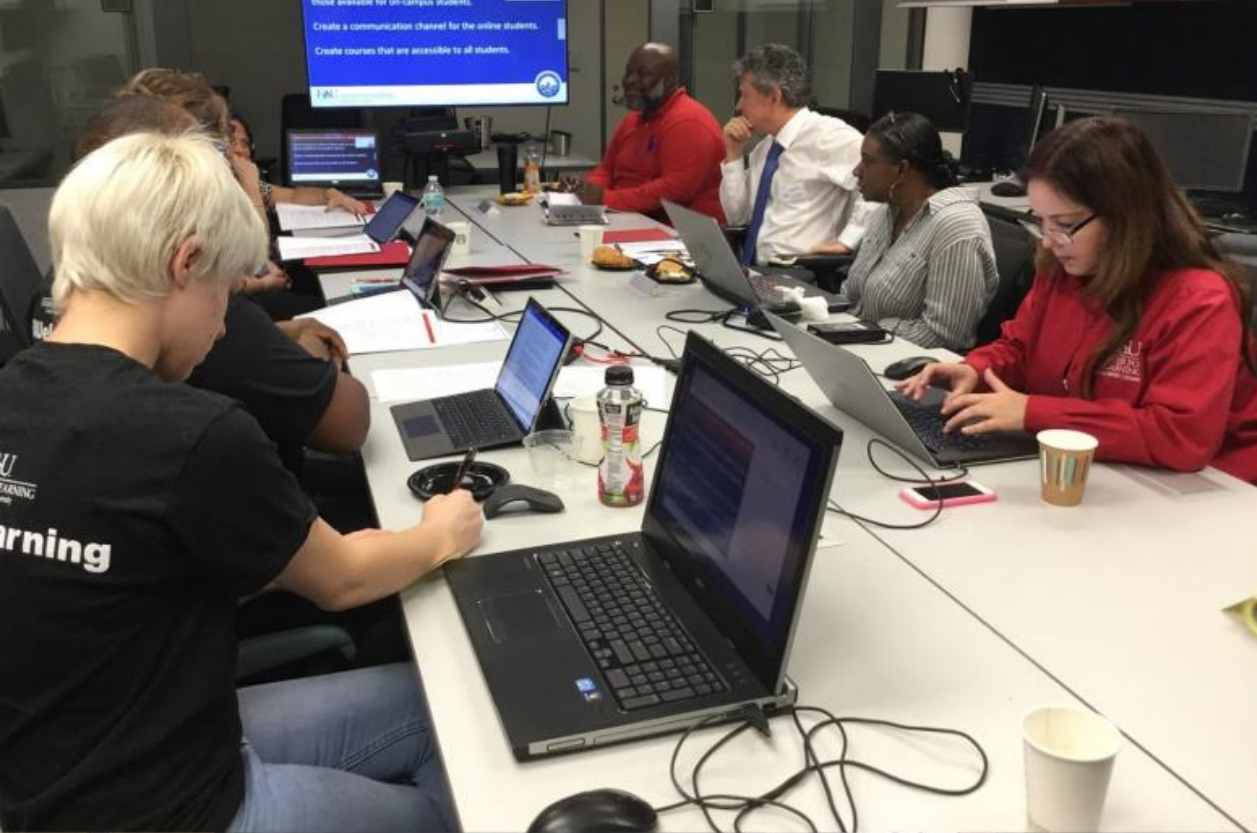

## Online Education at FAU

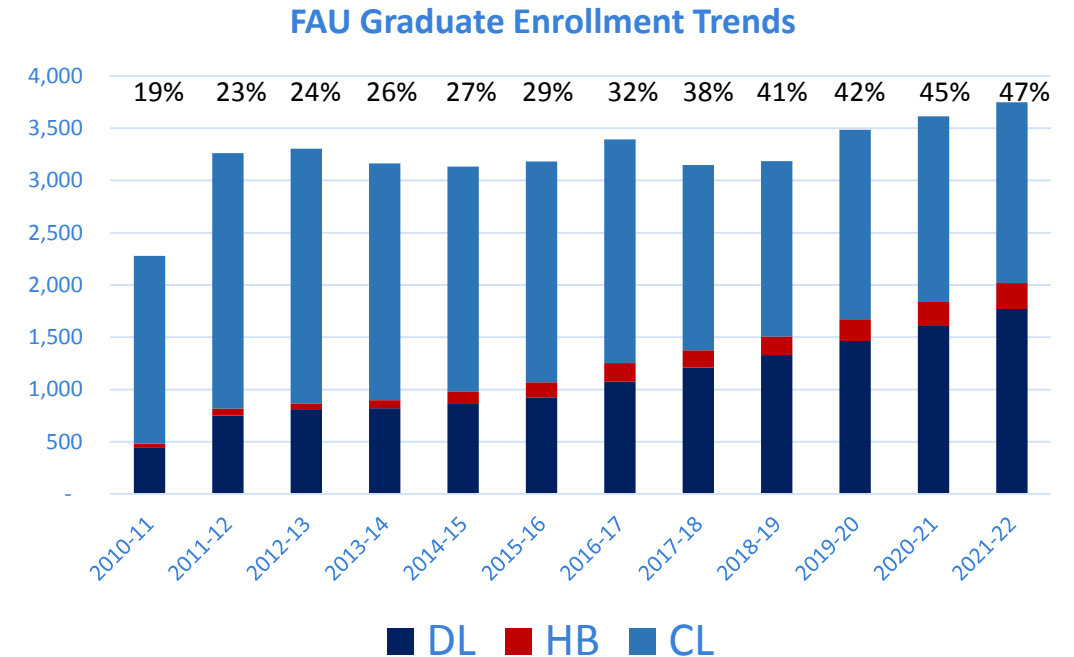

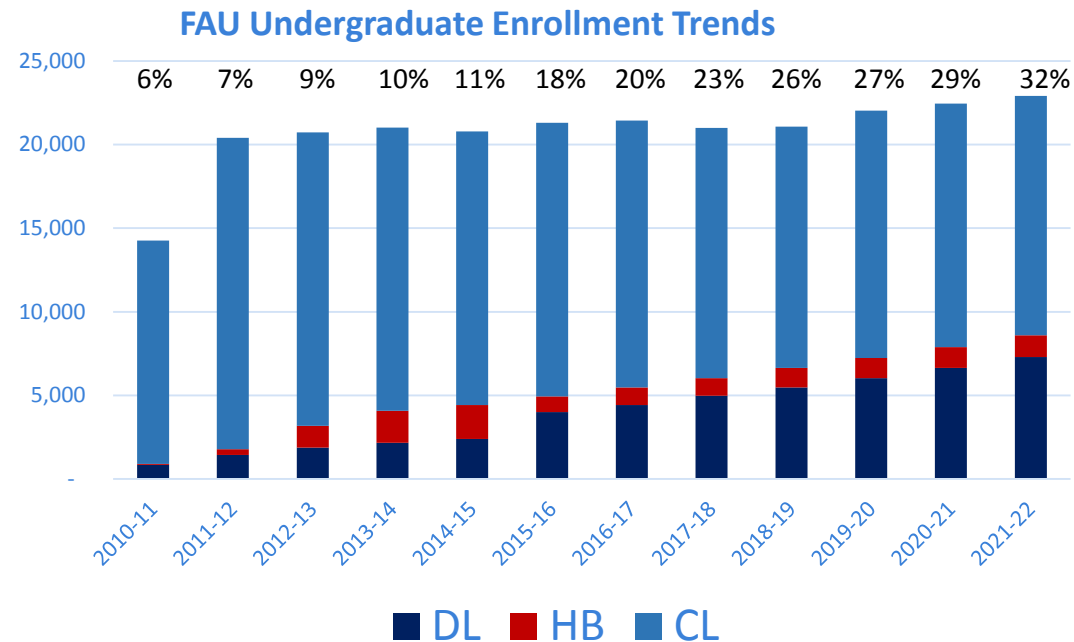

**Dr. Gary Perry, Provost**

**Dr. Victoria Brown**

# Enrollment Trends and Projections

- Growth Triggers: New online programs and marketing
- Student Success: Online meeting increased credit per term requirements
- Question 1: What will trigger growth in distance learning enrollments?

# Impact of SARA

- 35 different states
  - Colleges of Business and Nursing
- Question 2: How will SARA impact online enrollment?

# Challenges

---

- Protecting academic integrity
- Research and development

Question 3: What have been the challenges in distance learning?

## Strategic Planning

### Past Two Years

- Developed the quality review of courses
- Developed a quality assurance model for online programs
- Enhanced student services

### Next Two Years

- Create the online student experience
- Create innovative strategies for delivery
- Reduce textbook costs
- Continue to expand the online degrees offered

# System Initiatives: Impacts at FAU

---

- Online student service scorecard
- Multiple accelerated terms
- 2 + 2 Collaborations for online degree programs
- Statewide licensing
- State awards for high quality courses
- Open educational resources
- Shared language programs
- Research consortium

Question 5: Which system initiatives in online education will have an impact at FAU?

# FAU Innovations

---

- Simulations
- 3D interactive learning
- Augmented reality
- Gaming
- Open textbook design
- Refining the rapid design processes

Question 6: What innovations will be pursued by FAU?

# Fees for Online Students

- Units receiving fees from online students must provide services specifically for these students
- Fully online student experiences
  - Full access to online support services
    - Academic
    - Technical
  - Online access to all signature events
  - Online access to all services
  - Online access to training or information sessions
  - Online access to library services

Question 7: What are the difference in fees paid by online students and those charged to residential students?

## BEFORE CLASS

- + Online Bookstore
- + Student Handbook
- + Ombuds
- + Software
- + Register for Courses
- + Personal Academic Advisor
- + Major KnOWledge
- + Student Accessibility Services (SAS)
- + Internet Safety
- + OWL card
- + Minimum Computer Specs

## DURING CLASS

- + Ombuds
- + Available Software
- + Math Learning Center
- + CS Computer Lab
- + Excellence in Writing Assistance
- + Distance Learning Student Advocate
- + eSuccess
- + Canvas LMS Support
- + Taking Online Exams
- + Citing References
- + Library Resources
- + Submit a Ticket (Help Desk)

## BEYOND CLASS

- + Leadership Online
- + Receive a Service Cord at Graduation
- + Online Mentors
- + Join the Leadership & Service Honor Society
- + Online Owls get Involved!

## Covering Costs Beyond DL Fees

### Technology and Infrastructure

Office of Information  
Technology: cost in  
infrastructure and  
software (E&G and  
Auxiliary Funds)

Center for eLearning  
covers instructional  
technology software,  
proctoring and  
captioning costs (DL  
Fees)

### Student Services Support Units

Cover front line  
personnel costs paid by  
unit budgets (E&G funds  
and Student Fees)

The Center for eLearning  
supplements technology,  
training, multimedia  
development and  
coordination (DL Fees)

# Matching Degrees to Areas of Strategic Emphasis

---

3 GAP ANALYSIS

---

12 STEM

---

8 HEALTH

---

8 EDUCATION

---

Total of 31 of the 40 program offerings PSE

## Matching Employment Opportunities to Degrees

### Hanover Research

- Labor Assessment and Portfolio Review (February 2017)
- Program Prioritization Data Dashboard (2016)

### Hanover and EAB Research

- Market research conducted for each new program

# Points of Pride

---

- Staff use appreciative advising
- 11 to 15 student internships
- 40 online degrees
- General education available online
- 40% faculty trained
