Quality Online Offerings

What Students Say...

"I found out that I communicate with my professor more in a distance learning course than in a regular course."

"The university provides a lot of services to assist with taking an online course which is very beneficial."

Average Class Size: 31

Community Engaged Online Programs

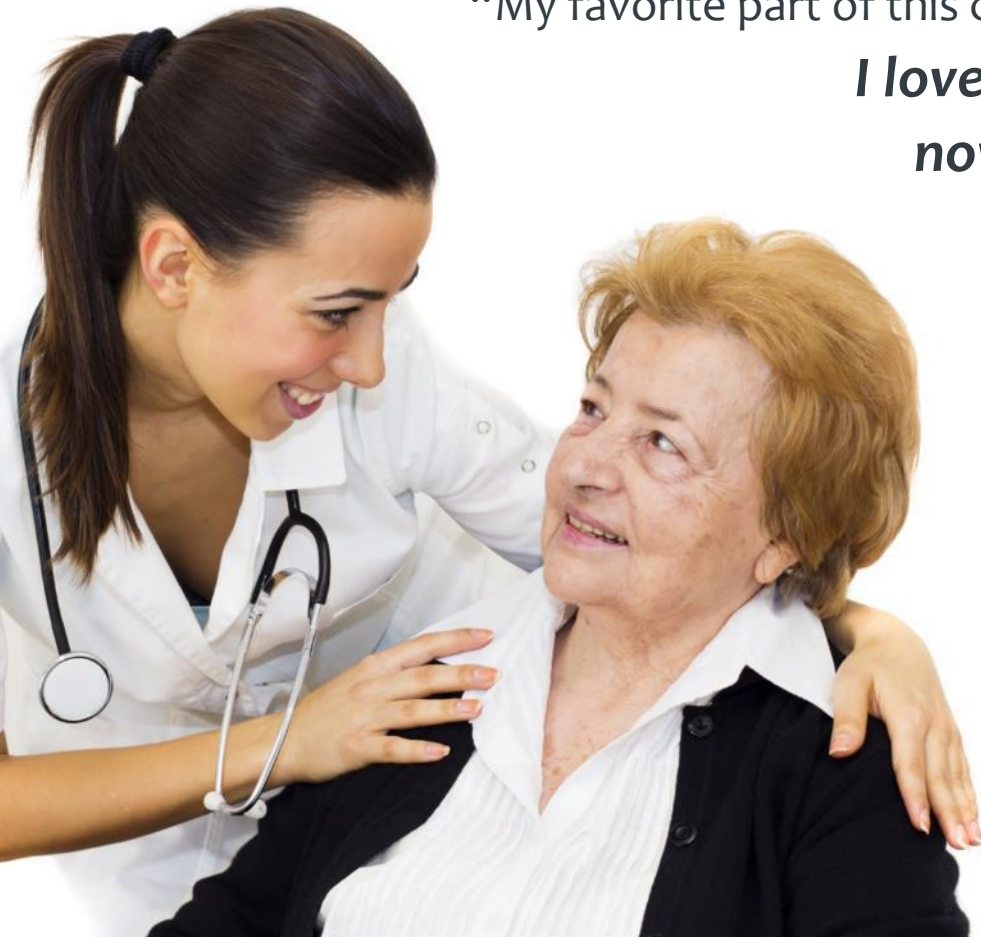

Community Experiences | Doctoral Projects | Study Abroad

“My favorite part of this course was the clinical experience.

I loved volunteering so much that it is now part of my weekly routine.”

“I really am thankful this course brought me to find Ronald McDonald House Charities.

I am excited to see what I can bring to my community and to the bedside.”
