State University System of Florida

Drug, Alcohol and Mental Health Framework

Dr. Larry Lunsford, Florida International University
Dr. Corey King, Florida Atlantic University
June 27, 2018

www.flbog.edu

Student Wellness Goals

Goal 1

System wide adoption and use of the American College Health Association's National College Health Assessment

Goal 2

Implement Healthy Campus 2020 on all university campuses

Drugs & Alcohol Goals

Goal 1

Rebrand the collegiate student experience around healthy and responsible choices related to alcohol and other drugs to support lifelong health and well-being

Goal 2

Align policies with practice to support the desired student/campus culture

Goal 3

Implement best practices focused on prevention and early intervention

Goal 4

Support students with non-drinking/non-drug using lifestyle

Mental Health Goals

Goal 1

Embed health in campus mission statements, policies, and procedures

Goal 2

Generate thriving communities and a culture of well-being

Goal 3

Create or re-orient campus services focused on proactive and responsive mental health well-being

Goal 4

Comprehensive needs assessment for incoming freshman students
