\* In the event of a tie score between projects, the project with the lowest Remaining PECO Need will be given priority.

**Footnotes**  
 1) A new construction, remodeling or renovation project that has not received prior appropriation will not be considered for inclusion on the prioritized PECO list unless:  
 1. A plan is provided to reserve funds in an escrow account, specific to the project, into which is annually deposited 1% of the total value of the building for future maintenance;  
 2. Sufficient capacity within cash and bonding estimate (per Revenue Estimating Conference) to accommodate the project within the 3-year PECO funding cycle; and  
 3. The project has been recommended by an Ed Plant Survey (s. 1013.31).  
 2) In the case of multiple projects per university, the cumulative Total Needs Met should not exceed the university's Total Unmet Space Need.
