

# Innovation and Online Committee

## Planning for a Post-COVID World in the State University System

### Goals

- Assuring institution and system-wide readiness for the next pandemic or other crisis

### Objectives

- Identifying institutional challenges faced with COVID-19, lessons learned, best practices, innovations most likely to gain traction, and changes needed in state, system, and institutional policies and practices.
- Revisiting the *SUS 2025 Strategic Plan for Online Education* in light of COVID-19

### Deliverable

A report with recommendations to the Board of Governors

### 2021 Committee Work Plan

February	<ul style="list-style-type: none"> <li>• Teaching and Learning</li> <li>• Approve 2021 Committee Work Plan</li> </ul>
March	<ul style="list-style-type: none"> <li>• Review the 2025 Strategic Plan for Online Education in light of COVID-19</li> <li>• Academic Planning, Faculty Success, Research, and other academic issues</li> </ul>
June	<ul style="list-style-type: none"> <li>• Student Access, Progression and Learning</li> <li>• Strengthening Campus Communities</li> <li>• Other Student-related issues</li> </ul>
August	<ul style="list-style-type: none"> <li>• Business and Finance (work practices, auxiliaries, investments, etc.)</li> <li>• Medical Schools</li> </ul>
November	<ul style="list-style-type: none"> <li>• Approve final report and recommendations</li> </ul>
