
STATE UNIVERSITY SYSTEM OF FLORIDA CONSOLIDATED FINANCIAL STATEMENTS

FISCAL YEAR JUNE 30, 2012

FOREWORD

The financial statements for the fiscal year ended June 30, 2012 for the State Universities of Florida are included in this report and are reported according to generally accepted accounting principles applicable to public colleges and universities as prescribed by the Governmental Accounting Standard Board's (GASB) statements. The Universities also adhere to the recommendations of the National Association of College and University Business Officers (NACUBO). The Universities are component units of the State of Florida for financial reporting purposes. The financial balances and activities included in these financial statements are, therefore, also included in the State's comprehensive annual financial report available at www.state.fl.us/audgen/pages/subjects/university.htm. In addition, as required by *Governmental Accounting Standards Board (GASB) Statement No. 14*, the latest audited financial statements of the State Universities of Florida component units are included in the Statement of Net Assets and the Statements of Revenues, Expenses, and Changes in Net Assets. The accompanying Summary of Significant Accounting Policies and Notes form an integral part of the financial statements. While these statements are unaudited, the Florida Auditor General's staff is currently completing an individual audit of each university's financial statements.

Questions concerning this report should be directed to Chris Kinsley, Director of Finance and Facilities, Florida Board of Governors, State University System of Florida at (850) 245-9607 or chris.kinsley@flbog.edu, or Kristie Harris, Director of Budget and Fiscal Policy, Florida Board of Governors, State University System of Florida at (850) 245-9757 or kristie.harris@flbog.edu.

STATE UNIVERSITIES OF FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR FISCAL YEAR ENDED JUNE 30, 2012

1. SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600*. Application of these criteria determines potential component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the primary government's financial statements to be misleading or incomplete. Based on the application of these criteria, effective July 1, 2001, the Universities became component units of the State of Florida and their financial activity is reported in the State's Comprehensive Annual Financial Report by discrete presentation.

The State Universities of Florida and their location are:

- *The University of Florida*, with a main campus located in Gainesville.
- *The Florida State University*, with a main campus located in Tallahassee.
- *The Florida Agricultural and Mechanical University*, with a main campus located in Tallahassee.
- *The University of Central Florida*, with a main campus located in Orlando.
- *The University of South Florida*, with a main campus located in Tampa.
- *New College of Florida*, with a main campus located in Sarasota.
- *The Florida Atlantic University*, with a main campus located in Boca Raton.
- *The University of West Florida*, with a main campus located in Pensacola.
- *The Florida International University*, with a main campus located in Miami.
- *The University of North Florida*, with a main campus located in Jacksonville.
- *The Florida Gulf Coast University*, with a main campus located in Fort Myers.

The governing body of the Universities is its individual Board of Trustees. Each University Board constitutes a body corporate composed of thirteen members. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Florida Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of each University are also members. The Board of Governors establishes the powers and duties of the Trustees. The Trustees are responsible for setting policies for the Universities, which provides governance in accordance with the rules of the State Board of Education and the Board of Governors. The Boards of Trustees selects the University Presidents and the Board of Governors must ratify the candidate selected. The Universities' Presidents serve as the executive officers and the corporate secretaries of the Trustees and are responsible for administering the policies prescribed by the Board of Trustees for each University.

Blended Component Units

Based on the application of the criteria for determining component units, the University of Florida Healthcare Education Insurance Company (UFHEIC), the University of South Florida Healthcare Education Insurance Company (USFHEIC) and the Florida State University College of Medicine Self-Insurance Program are included within the reporting entity as blended component units. These programs were created pursuant to Section 1004.24, Florida Statutes. Although legally separate from the State Board of Education, the companies are reported as if they are part of the primary government, because all shares of stock are owned by the State Board of Education and the companies' sole purpose is to assist in providing liability protection for the State Board of Education, and affiliated individuals and entities.

Discretely Presented Component Units

Based on the application of the criteria for determining component units, the following organizations are included within the Universities' reporting entity as discretely presented component units. The Universities further categorize its identified component units as Direct Support Organizations, Faculty Practice Plans, and Others. Additional information on the Universities component units, including copies of audit reports, is available by contacting each University's Controller Office.

Direct Support Organizations

The Universities' "direct support organizations," as provided for in Section 1004.28, Florida Statutes are considered component units of the Universities and therefore the latest audited statements of these organizations are included in the financial statements of the Universities by discrete presentation. These are separate, not-for-profit corporations organized and operated exclusively to assist the Universities to achieve excellence by providing supplemental resources from private gifts and bequests, and valuable education support services. The Statute authorizes these organizations to receive, hold, invest and administer property and to make expenditures to or for the benefit of the Universities. An annual post audit of each organization's financial statements is conducted by independent certified public accountants. The annual report is submitted to the Auditor General and each University's Board of Trustees for review. These not-for-profit corporations and their purposes are explained as follows:

University of Florida

- *University of Florida Foundation, Inc.* solicits, collects, manages, and directs contributions to the various academic departments and programs of the University and assists the University in public relations, fund raising, and maintenance of alumni records.
- *University of Florida Research Foundation, Inc.* promotes, encourages, and assists research activities of the University through income derived from or related to the development and commercialization of intellectual properties, which include inventions, discoveries, processes, and work products.
- *University Athletic Association, Inc.* conducts various inter-collegiate athletic programs for and on behalf of the University.
- *Gator Boosters, Inc.* supports athletic activities at the University.
- *University of Florida Law Center Association, Inc.* supports the College of Law.
- *Florida Foundation Seed Producers, Inc.* supplies Florida farmers and producers with crop seed and nursery stock. This organization stocks foundation seed of the best-known varieties acceptable to Florida climate and soils in adequate quantities and at reasonable prices.
- *Florida 4H Club Foundation, Inc.* promotes the educational objectives of the Florida Cooperative Extension Service.
- *University of Florida Investment Corporation* promotes the educational purposes of the University of Florida by providing investment research, advice, counsel, and management to and for the University Board of Trustees and affiliated organizations of the University.
- *Southwest Florida Research and Education Foundation, Inc.* provides research and educational support to the University of Florida Southwest Florida Research and Education Center.
- *Citrus Research and Education Foundation, Inc.* expedites citrus production, propagates new plant materials and environmental impact research data, and provides research and education support to the University of Florida Citrus Research and Education Center at Lake Alfred.
- *Florida Leadership and Education Foundation, Inc.* was formed to further agriculture and natural resource education and related activities, promote

- agriculture and natural resources leadership, and make contributions to and confer benefits upon the University.
- *Treasure Coast Agricultural Research Foundation, Inc.* supports, encourages, and fosters research, education, and extension at the Institute of Food and Agricultural Sciences of the University on issues related to the citrus industry within the Indian River region.
- *University of Florida Alumni Association, Inc.* supports activities of the alumni of the University of Florida.

Health Science Center Affiliates: Several corporations closely affiliated with the University of Florida J. Hillis Miller Health Science Center (JHMHC) are considered to be component units of the University of Florida. These corporations are as follows:

- Florida Clinical Practice Association, Inc.
- University of Florida Jacksonville Physicians, Inc.
- Faculty Associates, Inc.
- Florida Health Professions Association, Inc.
- University of Florida College of Nursing Faculty Practice Association, Inc.
- University of Florida College of Pharmacy Faculty Practice Association, Inc.
- Florida Veterinary Medicine Faculty Association, Inc.
- University of Florida Jacksonville Healthcare, Inc.
- Faculty Clinic, Inc., d.b.a. UF Faculty Clinic/Jacksonville

The first seven corporations listed are Faculty Practice Plans, as provided for in Board of Governors Regulation 6C-9.017. The Faculty Practice Plans provide educationally-oriented clinical practice settings and opportunities through which faculty members provide health, medical, and dental care to patients as an integral part of their academic activities and their employment as faculty. Because these faculty practice activities generate income, the colleges are authorized to regulate fees generated from faculty practice and maintain Faculty Practice Plans for the orderly collection and distribution of fees. These organizations provide significant support for the clinical instruction function of the JHMHC.

University of Florida Jacksonville Healthcare, Inc., a Health Services Support Organization, as provided for in Board of Governors Regulation 6C-9.020, engages in strategic alliances and partnerships with non-academic entities, effecting managed-care contracting and provider network development for the JHMHC. Faculty Clinic, Inc., was originally organized to operate a multi-specialty clinic. However, effective January 1, 1995, Faculty Clinic, Inc., was restructured to operate as a facilities management company.

Florida State University

- *The Florida State University Foundation, Inc.* is the fund-raising and private support programs of the University. Foundation revenues include unrestricted and restricted gifts and grants, rental income, and investment income. Foundation expenditures include scholarship distributions to students, departmental faculty and staff development support, various memorials and class projects, departmental research, and administrative costs of the Foundation's development program.
- *The Florida State University Seminole Boosters, Inc.* stimulates and promotes the education, health, and physical welfare of University students by providing financial support from the private sector for the Intercollegiate Athletic Program. Funds raised by the Boosters are utilized for scholarships, recruiting expenses, and authorized travel and entertainment in accordance with the rules and regulations of the National Collegiate Athletic Association.
- *The Florida State University International Programs Association, Inc.* promotes intercultural activities among students, educators, and others. It provides teaching, studying, research, and conference opportunities to U.S. students, scholars, and other professionals and community groups through Florida State University Study-Abroad programs in London, Florence, Costa Rica, and other sites.

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

- *The Florida State University Alumni Association, Inc.* serves as a connecting link between alumni and the University. The nature and purpose of the Association is to aid, strengthen, and expand the Florida State University and its alumni. The Association utilizes private gifts, devises, other contributions, and advertising income to publish and exchange information with University Alumni, to assist the University's development programs, and to provide public and community service.
- *The Florida State University Financial Assistance, Inc.* was created for the purpose of securing bond financing in accordance with Section 240.299, Florida Statutes. FSU Financial Assistance, Inc. was given the authority by the Florida Board of Regents to obtain bond financing, not to exceed \$52.75 million, for improvements to Doak Campbell Stadium, subject to approval by the Board of Regents.
- *The Florida State University Research Foundation, Inc.* was established on September 14, 1993. The purpose of the Research Foundation is to promote and assist the research and training activities of the University through income from contracts, grants and other sources, including income derived from the development and commercialization of the University's work products.
- *The Florida State University John and Mable Ringling Museums of Art Foundation, Inc.* was established in 1978. Its purpose is to provide charitable and educational aid to the University's John and Mable Ringling Museum of Art. An annual agreement is executed between the Museum and the Foundation to allow the Foundation to act as the direct support organization for the Museum.
- *The Florida State University School, Inc.* was established when the Florida State University Developmental Research School became a charter school in 2000 in compliance with Section 1002.33, Florida Statutes. The school provides a setting where University faculty, school faculty, and graduate students can design, demonstrate, and analyze the effectiveness of new instructional materials, technological advances, and strategies under controlled conditions. It also offers an environment for the systematic research, evaluation, and development of commercial or prototype materials and techniques adaptable to other Florida public schools and supported by school and University researchers and/or private sector partners.
- *Florida Medical Practice Plan, Inc.*, (FMPP) was incorporated on April 20, 2006. The FMPP's purpose is to improve and support medical education in the Florida State University College of Medicine.
- *Florida State University Magnet Research and Development, Inc.* – The Magnet Research and Development Organization was incorporated to promote, encourage, and assist the research and training activities of faculty, staff, and students of the Florida State University and specifically to design, develop, invent, assemble, construct, test, repair, maintain, and fabricate magnets or magnet systems of any type or design. The Magnet Research and Development Organization, is presenting financial activities from the fiscal period beginning March 5, 2007 (date of inception), through June 30, 2008, and as a result, the University's financial statements include financial activities for this component unit for a 16-month period ended June 30, 2008. This change affects the comparability of amounts reported for the 2007-08 fiscal year with amounts reported for the 2006-07 fiscal year.

Florida Agricultural and Mechanical University

- *Florida Agricultural and Mechanical University Foundation, Inc.* is constituted legally with a Board of Directors and an Executive Director authorized to win increasing private support to meet the critical needs of the University that are not met by public funds and assist the University in maintaining its "margin for excellence."
- *Florida Agricultural and Mechanical University National Alumni Association* is constituted legally to provide funds to foster scholarships and enhance the image of the University through positive public relation and community service.
- *Florida Agricultural and Mechanical University Boosters Clubs, Inc.* is a constituted legally to provide contributions to the University to stimulate the education, health, and physical welfare of the students.

University of Central Florida

- *The University of Central Florida Foundation, Inc.* is a not-for-profit Florida corporation whose principal function is to provide charitable and educational aid to the University of Central Florida.
- *The University of Central Florida Research Foundation, Inc.* was organized to promote and encourage, as well as assist in, the research activities of the University's faculty, staff and students.

Other Component Units

Other component units that are included by discrete presentation in the financial statements are as follows:

University of Florida:

- *Shands Teaching Hospital and Clinics, Inc.* was incorporated October 15, 1979, as a not-for-profit corporation. Shands, a major tertiary care teaching institution, is a leading referral center in the State of Florida and the southeast United States and facilitates medical education programs at the University. Shands entered into a contractual agreement, as of July 1, 1980, with the State Board of Education of the State of Florida, as subsequently restated and amended, which provides for the use of hospital facilities at the University of Florida Health Center through December 31, 2030, with renewal provisions. The contractual agreement also provides for the transfer to Shands of all other assets and liabilities arising from the operation of the hospital facilities prior to July 1, 1980. At termination of the contractual agreement, the net assets of Shands revert to the State Board of Education. Legal title to all buildings and improvements transferred to Shands remains with the State of Florida during the term of the contractual agreement. The contractual agreement provides for a 12-month grace period for any event of default, other than the bankruptcy of Shands. In addition, the contractual agreement limits the right of the State Board of Education to terminate the contractual agreement solely to the circumstance in which Shands declares bankruptcy and, in such event, requires net revenues derived from the operation of the hospital facilities to continue to be applied to the payment of Shands' debts. Under the terms of the contractual agreement, Shands is obligated to manage, operate, maintain, and insure the hospital facilities in support of the programs of the Health Center at the University of Florida and further agrees to contract with the State Board of Education for the provision of these programs.
- *Baby Gator Child Care Center, Inc.* was incorporated October 19, 1970, under Florida Statutes, Chapter 1011.48, to establish and operate an educational research center for child development for children of University of Florida students, faculty, and staff. The Center is funded primarily through fees paid by parents and an annual allocation of funds from the Capital Improvement Trust Fund established by the State Board of Education. In addition, the Center receives other governmental assistance. The Center uses a facility owned by the University without charge. The University also provides other services and support for the Center, some also without charge. The Center's policy is to not record contributed facilities, services, and other support in its financial statements.
- *University Village Apartments, Inc. (the Corporation)* was established in 1969, for the purpose of providing housing for low and moderate-income families, especially those affiliated with the University of Florida. Capital was contributed at inception by the University of Florida Foundation, Inc., but no capital stock was issued because the Corporation does not operate for the benefit of any special interest. The Corporation provides housing under Section 221(d)(3) of the National Housing Act. The facility consists of twenty-eight two-story buildings regulated by the U. S. Department of Housing and Urban Development (HUD) as to rent charges and operating methods. The Corporation's major program is its Section 221 insured loan, which is in the repayment phase. Legal title to the property is held by the Corporation.

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Basis of Presentation The Universities' accounting policies conform to generally accepted accounting principles applicable to public colleges and Universities as prescribed by the Governmental Accounting Standard Board's (GASB) statements. The Universities also adhere to the recommendations of the National Association of College and University Business Officers (NACUBO). NACUBO's recommendations are prepared in accordance with generally accepted accounting principles promulgated by the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB).

In November 1999, the Governmental Accounting Standard Board (GASB) issued GASB Statement No. 35 "Basic Financial Statements and Management Discussion and Analysis for Public Colleges and Universities". This Statement includes public colleges and universities within the financial reporting guidelines of GASB Statement No. 34 "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments." GASB Statement No. 35 allows public colleges and universities the option of reporting as a special-purpose government engaged in only business-type activities, or engaged in both governmental activities, and business-type activities. The State Universities elected to report as entities engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entity-wide reporting including the following components:

- Management's Discussion and Analysis (MD&A)
- Basic Financial Statements:
 - Statement of Net Assets
 - Statement of Revenues, Expenses, and Changes in Net Assets
 - Statement of Cash Flows
- Notes to Financial Statements (includes Summary of Significant Accounting Policies)
- Required Supplementary Information (RSI) other than MD&A

The Universities are component units of the State of Florida for financial reporting purposes. The financial balances and activities included in these financial statements are, therefore, also included in the State's Comprehensive Annual Financial Report.

Basis of Accounting The basis of accounting refers to when revenues, expenses, and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. Universities financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-type transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange activities are generally recognized when all applicable eligibility requirements, including time requirements, are met. Auxiliary service departments account for interdepartmental transactions as reductions of expenditures and not revenues of those departments. The Universities' principal operating activities consist of instruction, research and public service. Operating revenues and expenses generally include all fiscal transactions directly related to these activities plus administration, operation and maintenance of plant assets, and depreciation on capital assets. Included in non-operating revenues are state appropriations, investment income and revenues for capital construction projects. Interest on asset-related debts is a non-operating expense.

The Universities follow FASB Statements and interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

The Statement of Net Assets is presented in a classified format to distinguish between current and noncurrent assets and liabilities. When both restricted and unrestricted resources are available to fund certain programs, grants, etc., it is the Universities' policy to first apply the restricted resources to such programs followed by the use of the unrestricted resources.

FOR FISCAL YEAR ENDED JUNE 30, 2012

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

The Statement of Revenues, Expenses, and Changes in Net Assets is presented by major sources and is reported net of tuition scholarship allowances. Tuition scholarship allowances are the differences between the stated charge for goods and services provided by the Universities and the amount that is actually paid by the student or third party making payment on behalf of the student.

The Universities applied "The Alternate Method" as prescribed in NACUBO Advisory Report 2000-05 to determine the tuition scholarship allowances reported in the Statement of Revenues, Expenses, and Changes in Net Assets. Under this method, the Universities compute these amounts by allocating the cash payments to students, excluding payments for services, on a ratio of total aid to the aid not considered to be third party aid. The Statement of Cash Flows is presented using the direct method and is in compliance with GASB Statement No. 9 "Reporting Cash Flow for Proprietary and Non-expendable Trust Funds."

Cash and Cash Equivalents The amount reported as cash and cash equivalents consist of cash on hand and cash in demand accounts and the unexpended general revenue appropriation releases and cash held in the State Treasury. Cash in demand accounts is held in banks qualified in accordance with the provisions of Chapter 280, Florida Statutes, as a public depository. Deposits are fully insured by Federal depository insurance or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes.

Capital Assets Universities' capital assets consist of land, buildings, infrastructure and other improvements, furniture and equipment, property assets under capital lease, library resources, works of art and historical treasures, construction in progress, and other capital assets. These assets are capitalized and recorded at cost at the date of acquisition or at appraised value at the date received in the case of gifts or purchases from the State Division of Surplus Property. Additions, improvements and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The Universities have a capitalized threshold of \$1,000 for all movable equipment items and a \$100,000 threshold or 25% of the cost of the building for building renovations and improvements. Depreciation is computed on the straight-line basis over the estimated useful life of the related assets.

The following ranges of estimated useful lives were used to determine depreciation expense:

- Buildings / Improvements - 10 to 50 years, depending on construction
- Infrastructure - 12 to 50 years
- Equipment under Capital Lease - 5 to 20 years or the term of lease, whichever is greater
- Furniture and Equipment
 - Equipment (non-Office) - 3 to 20 years
 - Computer Equipment - 3 to 7 years
 - Moveable Equipment - 3 to 20 years
- Library Resources - 10 years
- Works of Art - 20 years

Noncurrent Liabilities Noncurrent liabilities include principal amounts of bonds and revenue certificates payable, loans payable, capital leases payable, and compensated absences payable that are not scheduled to be paid within the next fiscal year, and deferred revenue. Bonds and revenue certificates payable are reported net of unamortized premium or discount. The University amortizes bond premiums and discounts over the life of the bonds and revenue certificates using the straight-line method.

**STATE UNIVERSITIES OF FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR FISCAL YEAR ENDED JUNE 30, 2012**

The Universities participate in investment pools through the State Treasury and the State Board of Administration in accordance with the provisions of Sections 17.61 and 215.49, Florida Statutes. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes. The Universities' investments in these pools are reported at market value.

Additionally as authorized by Section 1004.24(2), Florida Statutes, and specifically authorized by the former Board of Regents in 1995, the Universities have invested assets of the University of Florida and University of South Florida Self-Insurance Program outside the State Treasury. Local investments consist of instruments listed in Section 215.47, Florida Statutes, and are reported at market value. The Universities have also received donations of marketable securities. These securities are reported at market value. Investments set aside to make debt service payments, maintain sinking or reserve funds, and to purchase or construct capital assets classified as restricted.

Generally accepted accounting principles require the classification of credit risk of investments into the following three categories:

- Risk Category 1 - Insured or registered, or securities held by the University or its agent in the Universities' name.
- Risk Category 2 - Uninsured and unregistered, with securities held by the counter party's trust department or agent in the Universities' name.
- Risk Category 3 - Uninsured and unregistered, with securities held by the counterpart or by its trust department or agent but not in the Universities' name.

Universities' investments in the investment pools managed by the State Treasury and the State Board of Administration cannot be categorized because the Universities' investments are not evidenced by specific, identifiable investment securities. Under the state treasury's authority to purchase and sell securities, it has entered into reverse repurchase and secured lending agreements. A reverse repurchase agreement is a sale of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contract rate of interest. A secured lending agreement is a loan of securities for collateral with a simultaneous agreement to return the collateral for the same securities in the future. As required by generally accepted accounting principles, the Universities have reported investments and an offsetting current liability in order to account for these transactions. Required note disclosures for these agreements are reported in the State's Comprehensive Annual Financial Report.

3. RECEIVABLES

Accounts Receivable Accounts receivable represent amounts for student fee deferrals, various student services provided by the Universities, various auxiliary services provided to students and third parties, and grant reimbursements due from third parties.

Loans and Notes Receivable Loans and Notes Receivable represent all amounts owed on promissory notes from debtors including student loans made under the Federal Perkins Loan Program and other loan programs.

Allowance for Uncollectible Receivables Allowances for uncollectible accounts and loans and notes receivable are reported based upon management's best estimate as of fiscal year-end considering type, age, collection history, and any other factors considered appropriate. Accounts receivable and loans and notes receivable are reported net of allowances.

4. INVENTORIES

Inventories have been categorized into the following two types:

Departmental Inventories Those inventories maintained by departments and not available for resale. Departmental inventories are comprised of such items as classroom and laboratory supplies, teaching materials, and office supply items, which are consumed in the teaching/work process. These inventories are normally expensed when purchased and therefore are not reported on the Statement of Net Assets.

Merchandise Inventories Those inventories maintained which are available for resale to individuals and/or other University departments and are not expensed at the time of purchase. These inventories are reported on the Statement of Net Assets and are valued at cost using either the moving average method or the first-in, first-out method.

5. STATE RETIREMENT PROGRAMS

Florida Retirement System Most employees working in regularly established positions of the Universities are covered by the Florida Retirement System, a State-administered cost-sharing multiple-employer public employee defined benefit retirement plan (Plan). Plan provisions are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes, and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code, wherein plan eligibility, contributions, and benefits are defined and described in detail. Participating employers include all State departments, counties, district school boards, and community colleges. Many municipalities and special districts have elected to be participating employers. Essentially, all regular employees of participating employers are eligible and must enroll as members of the Plan.

The Florida Legislature has reduced the vesting period from 10 to 6 years of service. Any member employed in a regularly established position on (as of) July 1, 2001 with a total of 6 or more years of creditable service will be considered vested. Former members who are not employed with a participating Plan employer on July 1, 2001, must return to covered employment for one year to become eligible for the six-year vesting provision. An exception to this one-year requirement applies to former members who are within one year of vesting under the pre-2001 vesting requirements. These members will only be required to work the lesser of one year or the amount of time it would have taken to vest in their class of membership prior to July 1, 2001. All members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service. The Plan also includes an early retirement provision, but imposes a penalty for each year a member retires before the specified retirement age. The Plan provides retirement, disability, and death benefits, and annual cost-of-living adjustments, as well as supplements for certain employees to cover social security benefits lost by virtue of retirement system membership.

The Plan's financial statements and other supplemental information are included in the Comprehensive Annual Financial Report of the State of Florida, which is available from the Florida Department of Financial Services. An annual report on the Plan, which includes its financial statements, required supplemental information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement in Tallahassee, Florida.

**STATE UNIVERSITIES OF FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR FISCAL YEAR ENDED JUNE 30, 2012**

The Universities' liability for participation in the Plan is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the University. The University's contributions made to the Plan for the fiscal years (last three years) ended June 30, 2010, June 30, 2011, and June 30, 2012 totaled \$102,582,044, \$116,979,011, and \$62,882,489 respectively, which were equal to the required contributions for each fiscal year.

State University System Optional Retirement Program Pursuant to Section 121.35, Florida Statutes, the Florida Legislature created an Optional Retirement Program (Program) for eligible University instructors and administrators. The Program is designed to aid Universities in recruiting employees by offering more portability to employees not expected to remain in the Florida Retirement System for six or more years. The Program is a defined contribution plan, which provides full and immediate vesting of all contributions submitted to the participating companies on behalf of the participant. Employees in eligible positions can make an irrevocable election to participate in the Program, rather than the Florida Retirement System, and purchase retirement and death benefits through contracts provided by certain insurance carriers. The employing University contributes on behalf of the participant 10.43 percent of the participant's salary. A small amount remains in the Optional Retirement Program Trust Fund for administrative costs. The remaining contribution is invested in the company or companies selected by the participant to create a fund for the purchase of annuities at retirement. The participant may contribute, by salary deduction, an amount not to exceed the percentage contributed by the University to the participant's annuity account.

There were 19,996 University participants during the 2011-2012 fiscal year. Required contributions made to the Optional Retirement Program in the 2011-2012 fiscal year totaled \$212,468,123, including \$90,202,475 from employee contributions.

Public Employee Optional Retirement Program Pursuant to Section 121.4501, Florida Statutes, the Florida Legislature created a Public Employee Optional Retirement Program (PEORP), also known as the Florida Retirement System (FRS) Investment Program. The PEORP is a defined contribution plan, sponsored by the State of Florida, available as an option to the FRS defined benefit plan, and is self-directed by the employee. University employees already participating in the State University System Optional Retirement Program or the DROP are not eligible to participate in this program. A retirement account is established for each employee who selects this option and an employer contribution is directed to the individual account. The employees have the responsibility of selecting how their funds are invested within the approved set of investment choices and may take their funds when they leave the Florida Retirement System. With each pay period, the University contributes a percentage (same as the FRS rate) of the participating employees' earnings to an annuity plan. Pension benefits are determined by the dollars in the account at the time of retirement.

There were 4,844 participants during the 2011-2012 fiscal year. Required contributions made to the PEORP totaled \$11,518,444.

STATE UNIVERSITIES OF FLORIDA NOTES TO THE FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2012

Institute of Food and Agricultural Sciences Supplemental Retirement In 1984, the Florida Legislature enacted the Institute of Food and Agricultural Sciences Supplemental Retirement Act to provide a supplement to the monthly retirement Benefit paid under the Federal Civil Service Retirement System to retirees of the Institute of Food and Agricultural Sciences (IFAS) at the University of Florida. The supplement is designated for IFAS cooperative extension employees employed before July 1, 1983, who are not entitled to benefits from either a state-supported retirement system or social security, based on their service with IFAS. It was intended to compensate these employees for the difference between Civil Service benefits and the benefits a Florida Retirement System member receives, which include a social security benefit. No additional persons can become eligible for this supplement. For fiscal year 2011-2012, there were no employee contributions reported by the university - for employer contributions, the university reports \$532,723.

Other Retirement Programs Other retirement programs include the Florida Teacher's Retirement System and the U.S. Civil Service Retirement System. A total of 2 employees were covered by the Florida Teacher's Retirement System during fiscal year 2011-2012. Employer contributions were \$23,937 and employee contributions were \$13,181. A total of 34 employees were covered by the U.S. Civil Service Retirement System during fiscal year 2011-2012. Employer contributions were \$238,395 and employee contributions were \$233,988.

To assist retirees of all State-administered retirement systems in paying health insurance costs, the Florida Legislature established the Retiree Health Insurance Subsidy (HIS). During the 2008-2009 fiscal year, the HIS program was funded by required contributions consisting of (rate) assessed against the payroll for all active employees covered in State-administered retirement systems. This assessment is included in the Florida Retirement System contribution rates.

Eligible retirees, spouses, or financial dependents under any State-administered retirement system must provide proof of health insurance coverage which can include Medicare. During the 2008-2009 fiscal year, participants received an extra \$5 per month for each year of creditable service completed at the time of retirement; however, no eligible retiree or beneficiary may receive a subsidy payment of more than \$150 or less than \$30. If contributions fail to provide full subsidy benefits to all participants, the subsidy payments may be reduced or canceled.

6. POSTEMPLOYMENT BENEFITS

Retiree Implicit Healthcare Premium Subsidy - Pursuant to Section 110.123, F.S., authorizes the offering of health insurance benefits to retired state and university employees. Section 112.0801, F.S., requires all employers that offer benefits through a group insurance plan to allow their retirees to continue participation in the plan. The law also requires public employers to commingle the claims experience of the retiree group with the claims experience of active employees for purposes of single-premium determination. The premium offered to retired employees can be no more than the premium cost applicable to active employees. Retirees under the age of 65 pay the same premium amounts as applicable to active employees. Retirees over age 65 are included in the overall risk pool but pay a lesser premium amount than is applicable to active employees because the plan is secondary payer to Medicare. Although retirees pay 100% of the premium amount, the premium cost to the retiree is implicitly subsidized due to the increase of health care costs with age and the commingling of the claims experience in a single risk pool with a single premium determination.

7. CONSTRUCTION COMMITMENTS

A summary of the Universities' major construction commitments remaining is as follows:

8. LITIGATION

The Universities are involved in several pending and threatened legal actions. The range of potential loss from all such claims and actions, as estimated by the Universities' attorneys and management, should not materially affect the financial condition of the Universities.

9. LONG-TERM LIABILITIES

Long-term liabilities of the Universities include bonds, notes, leases, compensated absence, claims, and judgments. A summary of the University's long-term liability activity for the fiscal year ended June 30 was as follows:

NOTES TO THE FINANCIAL STATEMENTS
FOR FISCAL YEAR ENDED JUNE 30, 2012**

Bonded Debt The State Board of Education issues revenue bonds (Certificates) on behalf of the Universities, the proceeds of which were used to acquire and construct various University capital projects. The bonds are secured and payable from the Universities' capital improvement and building fees. The building fee and capital improvement fee collected as a part of tuition and remitted to the State Board of Education is used to retire the revenue certificates for the academic and student service facilities. The State Board of Education and the State Board of Administration administer the principal and interest payments, investment of sinking fund resources, and compliance with reserve requirements.

In addition, the Universities issued bonds for construction of student parking garages, student housing and academic and student service facilities. Bonds outstanding, which include both term and serial bonds, are secured by a pledge of housing rental revenues, traffic and parking fees and various student fee assessments.

Bonds payable at June 30 as follows:

Installment Purchase Contracts and Capital Leases On June 8, 1994, the former Board of Regents, on behalf of the University of Florida, entered into a lease agreement with the University of Florida Foundation, Inc. (the Foundation), a direct-support organization (component unit) of the University. Under the terms of the agreement, the University agreed to lease from the Foundation a 607-space parking garage (the garage) located near the Health Science Center Administrative Offices for a period of thirty years beginning July 1, 1994. Lease payments of \$100,000 annually are due each July 1. The garage was simultaneously acquired by the Foundation from Shands Teaching Hospital and Clinics, Inc. (Shands), also a component unit, and financed by the Foundation through the issuance of a promissory note secured by a nonrecourse mortgage containing payment terms similar to those in the lease agreement between the Foundation and the University. Lease payments from the University to the Foundation and from the Foundation to Shands were based on an original construction cost of \$3,000,000 and no interest. For reporting purposes, the lease is considered a capital lease under Financial Accounting Standards Board (FASB) Statement No. 13, Accounting for Leases. The initial obligation was discounted at an imputed interest rate of 6.45% and was recorded at \$1,382,470. The asset, "Leased Property Under Capital Lease," was recorded at cost to Shands of \$3,000,000.

On March 1, 2000, the University of Florida, acting for and on behalf of the former Board of Regents, entered into a lease agreement with Shands, a component unit of the University. Under the terms of the agreement, the University agreed to lease from Shands an 800-space parking garage located near the Health Science Center Administrative Offices for a period of thirty years beginning March 1, 2000. Lease payments of \$227,167 annually are due each May 1, beginning May 1, 2001. Lease payment amounts were

based on an original construction cost of \$6,815,002 and no interest. For reporting purposes, the lease is considered a capital lease under FASB Statement No. 13, Accounting for Leases. The initial obligation was discounted at an imputed interest rate of 6.45% and was recorded at \$2,981,939. The asset, "Leased Property Under Capital Lease," was recorded at cost to Shands of \$6,815,002.

The Florida Atlantic University Foundation, Inc., in 1999 and 2000 issued the 1999 and 2000 Certificates of Participation (the Certificates) for \$6,230,000 and \$6,300,000, respectively. The funds were used to build dormitory buildings on the John D. MacArthur campus in Jupiter, Florida. The interest rates on the 1999 certificate range from 3.5 percent to 5 percent while the interest rates on the 2000 certificates range from 4.7 percent to 5.875 percent. The Foundation entered into Master Lease agreements with the former Board of Regents (the Board) whereby they are obligated to pay to the Board \$1 per year for each of the properties. The Foundation further entered into agreements to lease the buildings to the University in exchange for the University paying all amounts due under the Certificates.

The University of South Florida Foundation Inc. issued certificates of participation for the purpose of constructing an athletic facility on land leased from the University. For reporting purposes, the lease is considered a capital lease under Statement of Financial Standards No. 13, Accounting for Leases.

Compensated Absences Payable Employees earn the right to be compensated during absences for annual leave (vacation) and sick leave earned pursuant to Board of Governors Rule 6C-5.920, Florida Administrative Code, and pursuant to bargaining agreements with the United Faculty of Florida. Leave earned is accrued to the credit of the employee and records are kept on each employee's unpaid (unused) leave balance. The University reports a liability for the accrued leave; however, State appropriations fund only the portion of accrued leave that is used or paid in the current fiscal year. Although the University expects the liability to be funded primarily from future appropriations, generally accepted accounting principles do not permit the recording of a receivable in anticipation of future appropriations. Consequently, the recording of the liability for compensated absences, without the corresponding recognition of such future resources, results in the appearance of a reduced ability to meet current obligations. At June 30, the estimated liability for compensated absences, which includes the University's share of the Florida Retirement System and Social Security contributions, are shown below. The current portion of the compensated absences liability is based on actual payouts over the last three years, calculated as a percentage of those years' total compensated absences liability.

Loans and Notes Payable On March 27, 2006, the Florida Gulf Coast University Financing Corporation entered into a Tax Exempt Note, Series 2005, in the amount of \$5 M. The Corporation drew the entire \$5 M to purchase land for the purpose of establishing a Naples Center which reflects the outstanding balance of the loan at June 30, 2008. Principal payments are equal to all funds collected by the Foundation pursuant to a capital campaign for the Florida Gulf Coast University Naples Center Project. The obligation under the loan is secured solely by the assignment of the capital campaign. As of June 30, 2008, the Foundation had raised \$3.7 M of the \$5 M capital campaign toward this project. Interest is assessed on the difference between the \$5 M borrowed and the donations collected and reduced by the amount of interest income earned during the year on the donations. Interest expense for the year ended June 30, 2008, was \$63,363. A schedule of future minimum payments remaining under the loan agreement cannot be amortized due to the unknown timing of capital campaign pledges and receipt of such pledges. The maturity date of the loan and all indebtedness outstanding became due on or before April 1, 2010.

10. OPERATING LEASES

The Universities have long-term commitments for assets leased under operating leases. These assets are not recorded on the Statement of Net Assets; however, the operating lease payments are recorded as expenses of the related funds when paid or incurred, in the Statement of Revenues, Expenses, and Changes in Net Assets. Outstanding commitments resulting from some of these agreements are not considered material and are contingent upon future appropriations. Future minimum lease commitments for non-cancelable operating leases that are considered material and with remaining lease terms in excess of one year, as of June 30 were as follows:

11. FUNCTIONAL DISTRIBUTION OF EXPENSES

The functional classification of an operating expense (instruction, research, etc.) is assigned to a department based on the nature of the activity, which represents the material portion of the activity attributable to the department. For example, activities of academic departments for which the primary departmental function is instruction may include some activities other than direct instruction such as research and public service; however, when the primary mission of the department consists of instructional program elements, all expenses of the department are reported under the instruction classification. The operating expenses on the statement of revenues, expenses, and changes in net assets are presented by natural classifications. The following are those same expenses presented in functional classifications as recommended by NACUBO:

The following is a schedule of the functional distribution of expenses at fiscal year end.

12. RISK MANAGEMENT PROGRAMS

State Self-Insurance Funds In accordance with a program for central insurance purchases adopted by the Florida Cabinet in 1969, the Department of Management Services has authority to purchase insurance on behalf of all State agencies. This authority was granted with the enactment of Section 287.022, Florida Statutes. Other actions by the Legislature have resulted in the development of State self-insurance funds providing hazard insurance for property and casualty insurance for State employees workers' compensation, general liability, and fleet automotive liability. The University participates in these programs. Property losses in excess of \$20 million are commercially insured up to \$200 million per loss event. Payments on tort claims are limited to \$100,000 per person and \$200,000 per occurrence as set by Section 768.28, Florida Statutes. Calculations of premiums consider the cash needs of the program and the amount of risk exposure for each participant. There have been no significant reductions in insurance coverage from the prior year coverage. Settlements have not exceeded insurance coverage during the past three years.

University employees may obtain health care services through participation in the State's group health insurance plan or through membership in a health maintenance organization plan under contract with the State. The State's risk financing activities associated with State group health insurance, such as risk of loss related to medical and prescription drug claims, are administered through the State Employees Group Health Insurance Trust Fund. It is the practice of the State not to purchase commercial coverage for the risk of loss covered by this Fund. Additional information on the State's group health insurance plan, including the actuarial report, is available from the State of Florida, Department of Management Services, Division of State Group Insurance in Tallahassee, Florida..

University Self-Insurance Programs The Medical Professional Liability Self-Insurance Program provides dental, medical, and veterinary medical professional liability, comprehensive general liability, hospital professional liability, and patient's property liability covering faculty, staff, and students engaged in dental, medical, and veterinary medical programs of the J. Hillis Miller Health Science Center, the Student health Service Auxiliary, the Veterinary Medical Teaching Hospital, Shands Teaching Hospital and Clinics, Inc., University Medical Center of Jacksonville (at the University of Florida) and the College of Medicine, College of Nursing, and Medical Center Clinics (at the University of South Florida).

The programs' retained risks range from payments on tort claims limited to \$100,000 per claim and \$200,000 per occurrence to \$1 million per occurrence for professional liability up to an aggregate of \$3.5 million for all payments made on claims arising during the fiscal year. Losses in excess of the individual and aggregate amounts, up to \$30 million, are insured commercially. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

The University of Florida, University of South Florida and Florida State University Self-Insurance Program Councils have created the University of Florida Healthcare Education Insurance Company, University of South Florida Healthcare Education Insurance Company, and the Florida State University College of Medicine Self Insurance Program captive insurance companies which are wholly owned by the State Board of Education. The companies are managed by a Board of Directors created by the State Board of Education for that purpose. The companies provide \$50,000,000 of per-claim and annual aggregate claims coverage on a claims-made basis for losses, which are in excess of the protections afforded by the Self-Insurance Programs. The excess insurance is paid to claimants on a first come-first serve basis. HEIC fully reinsures all risks underwritten.

12. RISK MANAGEMENT PROGRAMS, (cont'd)

The programs' estimated liability for unpaid claims at fiscal year-end is the result of both management and actuarial analyses and includes an amount for claims that have been incurred but not reported. The programs purchase annuity contracts from commercial insurers to satisfy certain liabilities; accordingly, no liability is reported for those claims. Changes in the Program's claim liability amount in fiscal years ended June 30, 2011 and June 30, 2012 were as follows:

13. SEGMENT INFORMATION

A segment is defined as an identifiable activity (or grouping of activities), which has a specific identifiable revenue stream pledged in support of revenue bonds or other revenue-backed debt and has related expenses, gains, losses, assets and liabilities that are required to be accounted for separately. The types of activities provided by segments include housing, parking, and student services. The following financial information represents identifiable activities of the Universities for which one or more revenue bonds or other revenue-backed debt instruments are outstanding.
