What would be
the impact of
free resources
for college
students in
Florida?

“I’m on pace to get out in three-and-a-half years with a major and a minor. They open up more class sections until they don’t fill anymore.”

– Glen Anderson, ASU sophomore, Carmichael, CA

Can we provide uniform access to a specific set of resources in our libraries to all students? What are other systems doing?

Welcome to GALILEO

Through GALILEO, Georgia citizens have access to authoritative, subscription-only information that isn't available through free search engines or Web directories. Here's a sampling of what's inside:

Digital Library of Georgia

Digital Library of Georgia: Digital collections related to the history and culture of Georgia, including photographs, maps, and primary source documents.

eBooks on EBSCOhost: 1000's of electronic books on many topics including history, hobbies, and scholarly research.

EBSCOhost: Magazine and journal articles on all subjects.

Encyclopædia Britannica: Online version of the Encyclopædia Britannica including authoritative information on people, places, events with articles, videos, and more.

Georgia Government Publications: Access to thousands of Georgia government documents in digital format.

Benefits to Students in Florida

- **Seamless progression** from high school graduation to postsecondary enrollment and degree attainment
 - Student progression monitoring and metrics to inform decisions
 - Statewide data on high school to postsecondary admission by district or school
- **Consolidation and integration** of previously discrete support services through a common modern interface
 - Leverages existing data sources and applications
- **Enhanced overall support** for Florida colleges and universities
 - Improved data sharing and collaborative student services model
- Increased levels of **personalized support to students**
 - Support for retention and degree attainment
