XPRIZE

... Including Commercial Aviation

- Raymond Orteig offered a \$25,000 prize in 1919 for first flight from New York to Paris
- Nine teams spent over \$400,000 to win
- Prize won by 25-year-old underdog Charles Lindbergh in 1927
- Within 18 months of his flight...
 - Passenger traffic increased 30 times
 - Number of aircraft increased four times
 - Pilot applications increased three times

And Prizes Have Clear Benefits

- Provide significant financial leverage
- Pay only for successful outcomes
- Encourage new thinkers and approaches
- Focus communities
- ... And influence public perception

XPRIZE Reintroduced Prizes in 1996
