Background and Purpose

Per the Committee's work plan:

- Review & approve strategies
- Review implementation plan

Strategy 1 Overview

Develop a comprehensive and easily accessible web-based 2+2 advising toolkit. The website should contain information for secondary and postsecondary students, secondary and postsecondary advisors, and other key users.

Strategy 1 Implementation

Fall 2017 – Spring 2018

Workgroup to identify major components & requirements of a website

Strategy 2 Overview

Encourage the state universities to improve and expand existing local 2+2 enhancement programs and identify key components of effective programs in the four critical areas identified by the Committee.

Require the state universities to conduct regular reviews of enhancement programs and provide regular reports of those reviews to the Academic and Student Affairs Committee.

Strategy 2 Implementation

Fall 2017 – Spring 2018

Workgroup to identify key components & best practices of 2+2 enhancement programs

Fall 2018, ongoing every four years

SUS institutions submit reports to BOG staff

Strategy 3 Overview

Develop and implement a 2+2 data and information toolkit looking at both the institutional and System levels. The toolkit should include already existing data and analyses and new data and analyses as needed.

Strategy 3 Implementation

Summer 2017 – Fall 2018

Workgroup to develop requirements for a toolkit that includes essential descriptive statistics & critical research questions

Winter 2018, ongoing

BOG staff implement toolkit

Next Steps
