Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

Board of Governors Regulation 8.012, Academic Program Termination and Temporary Suspension of New Enrollments, permits University Boards of Trustees to recommend termination of degree programs at the doctoral or professional level to the Board of Governors.

The University of Florida is proposing termination of the Ph.D. in Health Services Research, CIP 51.0701. The request for termination is a result of combining the program with an existing Ph.D. in Public Health. There have been no new enrollees since fall 2017 and the last student enrolled completed the degree program in fall 2019. The University of Florida's Board of Trustees approved the termination of the program on December 4, 2020.

If approved by the Academic and Student Affairs Committee and the Board of Governors, the program termination will be effective fall 2021 with a phase out term of fall 2021.
