AUTHORITY FOR BOARD OF GOVERNORS FOUNDATION, INC. ACTION

Florida Board of Governors Foundation, Inc. By-laws

BACKGROUND INFORMATION

House Bill 1261 requires the Board of Governors to publicly publish an online dashboard to assist students and families in making better informed decisions about educational options and future employment opportunities. The dashboard must include, at a minimum, by academic discipline; post-graduation salaries, student loan debt, debt-to-income ratio, estimated monthly loan payment, and percentage of graduates who have continued their education beyond a baccalaureate level.

As the Board develops the dashboard, consideration is being given to include similar information in the Florida Trend magazine to educate students and families. A half front cover wrap, including four pages of content, distributed to 225,000 high school juniors and seniors would cost approximately \$37,250. This information would be published in August edition of Florida Trend, well ahead of the dashboard.

Attached is an amended 2021 budget for consideration.
