Fees, Fines and Penalties

PROPOSED COMMITTEE ACTION

Approve the Public Notice of Intent to Amend Regulation 7.003

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution; Board of Governors Regulation Development Procedures

BACKGROUND INFORMATION

This regulation is being amended as a result of Senate Bill 1108 exempting the civic literacy course requirement from the Excess Hour Fee. Senate Bill 1108 amends the civic literacy competency requirement beginning with students initially entering a state university in the 2021-2022 school year and thereafter. Students must demonstrate competency in civic literacy by achieving a passing score on an assessment and by successfully completing a civic literacy course.

This regulation will be shared with the universities and changes incorporated as appropriate.
