

**STATE UNIVERSITY SYSTEM OF FLORIDA
BOARD OF GOVERNORS
Innovation and Online Committee
August 31, 2021**

SUBJECT: Planning for a Post-Pandemic World in the State University System

PROPOSED COMMITTEE ACTION

For discussion

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

During its February 24, 2021, meeting, the Committee approved the development of a plan for a post-COVID world in the State University System. The Steering Committee that guides the implementation of the 2025 Strategic Plan for Online Education will assist the Innovation and Online Committee (IOC) in its discussions, inviting other institutional leaders to participate in related meetings, as needed.

During its March and June meetings, the IOC was presented with summaries of discussions held by the Steering Committee with academic and academic support leaders and leaders in areas that provide student support services. The discussions focused on lessons learned, challenges, opportunities, best practices, and mission-critical collaborations during the pandemic.

At its meeting today, FAU Provost Bret Danilowicz, the Steering Committee's chair, will present a summary of the discussions that the Steering Committee held with medical and public health deans, as well as with leaders of administrative units and continuing education.
