

STATE OF FLORIDA ACADEMIC COMMON MARKET APPLICATION

In order for a program to qualify for participation in the Academic Common Market (ACM) it cannot duplicate a program offered in Florida. **Florida only participates in the ACM at the GRADUATE level of study.**

How do you know if your degree program is part of the ACM?

Check the Board of Governors, State University System of Florida website at <https://www.flbog.edu/forstudents/upi/acm.php> and review the instructions under the Available Degree Programs section. If the program that interests you is not already open to Florida residents, talk to the academic department about nominating the program.

Florida cannot certify students for programs that are not approved for the ACM through the institution and state.

The following items are included in this packet:

- ACM Application Checklist
- Florida Residency for Tuition Purposes Information
- Application for Florida Residency Certification under the ACM
- Residency Affidavit

Please be aware that processing your application can take up to several weeks. Please submit a complete application package, including all documentation early to allow time for the process. Contact the university's ACM Institutional Coordinator for deadlines. ACM certifications cannot be applied retroactively to cover past coursework.

ACM APPLICATION CHECKLIST

Please submit the following materials in hard copy (omitting pages 1-3) for application into the ACM:

- Official name of degree you are seeking as well as program Classification of Instructional Programs (CIP) Code. The CIP code is a six-digit number taking the form of 00.0000 and can usually be obtained from the SREB Website, the academic department or registrar's office at the institution.
- Catalog description of the program and all required coursework in the program;
- Completed application and **notarized** verification of residency (See pages 4 - 6);
- 3-5 documents** verifying residency for **at least 1 year prior** to anticipated start date (See page 2). You may block out any fiscal information if you include pay or tax forms. This documentation is needed so that we can verify the requirement by law that your home of record is Florida - Please make sure all copies are legible before submitting. Sending more than three documents may expedite the process in cases where one or more forms are deemed unacceptable for technical reasons;
- Letter showing that you are **admitted unconditionally** to the specific program at the institution

These documents must be mailed for the application to be completed. Please contact the ACM State Coordinator with any questions or concerns:

Only bona fide residents of Florida will be eligible for certification under the Academic Common Market agreement. Residency will be determined on the basis of criteria as contained in Section 1009.21, Florida Statutes: Determination of resident status for tuition purposes. Only those applications whose file clearly indicates eligibility for "Florida resident" classification by the time of certification will be considered. Proof of Florida residency rests entirely with the applicant, and may include a statement from an employer, a copy of a property tax receipt allowing homestead exemption for the applicant or, in the case of a presently enrolled student, a statement from the Registrar of their school attesting to the fact that the applicant is classed as a "Florida resident for tuition purposes." Other evidence which clearly attests to the fact that the applicant meets criteria for enrollment in a public college or university in Florida at in-state fees will be acceptable.

All statements I have made in this application are true and complete to the best of my knowledge.
