

**STATE UNIVERSITY SYSTEM OF FLORIDA
BOARD OF GOVERNORS
Innovation and Online Committee
November 4, 2021**

SUBJECT: Planning for a Post-Pandemic World in the State University System

PROPOSED COMMITTEE ACTION

For discussion

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

During its February 24, 2021, meeting, the Committee approved the development of a plan for a post-COVID world in the State University System. The Steering Committee that guides the implementation of the 2025 Strategic Plan for Online Education will assist the Innovation and Online Committee (IOC) in its discussions, inviting other institutional leaders to participate in related meetings, as needed.

During its previous meetings this year, the IOC has been presented with summaries of discussions held by the Steering Committee with leaders in academic and academic support units; student support services; medical and public health schools; administrative services; and continuing education. The discussions focused on lessons learned, challenges, opportunities, best practices, mission-critical collaborations during the pandemic, and recommendations.

At its meeting today, FAU Provost Bret Danilowicz, the Steering Committee's chair, will present a summary of the discussions that the Steering Committee held with UF/IFAS and FAMU Extension Services.
