

STATE UNIVERSITY SYSTEM OF FLORIDA
BOARD OF GOVERNORS
Strategic Planning Committee
January 25, 2022

SUBJECT: Undergraduate Career Planning Requirements

PROPOSED COMMITTEE ACTION

Consider approval of each of the institution's plans to implement new undergraduate career planning requirements.

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

During the 2021 Legislative Session, House Bill 1261 established section 1006.751, Florida Statutes, requiring each state university board of trustees to adopt procedures to connect undergraduate students to career planning, coaching, and related programs during the first academic year of a student's enrollment. The statute requires each student to complete the following.

- Register with the university's career center.
- Complete a career readiness training module provided by each career center.
- Be directed to the State University System online dashboard, MyFloridaFuture.
- Affirm they have been provided with the procedures and are aware of their declared major's employment and wage prospects.

In addition, each institution must develop procedures for placing a hold on student registration before the end of the first year of enrollment if the student does not fulfill the above requirements. The registration hold will be lifted when the student completes the specified requirements in the statute. If approved by the Strategic Planning Committee, the plans will be forwarded to the full Board for consideration.

Ms. Emily Sikes, Assistant Vice Chancellor for Strategic Initiatives and Economic Development, will provide an overview of the institutions' plans. Ms. Myrna Hoover, Director of the Florida State University Career Center, will provide highlights from their career planning procedures and the career readiness training module.
