#### **EDUCATIONAL PLANT SURVEY OVERVIEW**

In Florida, all public school districts, colleges and state universities are required to conduct an Educational Plant Survey (EPS) at least once every 5 years using "uniform data sources and criteria" (Section 1013.31, Florida Statutes). An EPS is a systematic and comprehensive study of each institution's sites, buildings, and the site improvements required to operate the facilities. This includes a review of both the 1) existing educational and ancillary facilities and 2) anticipated future needs for repair, expansion and/or demolition. The EPS is a safeguard mechanism to ensure that PECO dollars, and the assets constructed with PECO dollars are being directed appropriately towards needed educational buildings.

The EPS is undertaken collaboratively by the EPS Survey Team, which consists of staff of the university being surveyed; Board of Governors' staff; and staff from other universities. The final EPS Report must be approved by both the local Board of Trustees as well as the Board of Governors. The EPS is one of 3 long-range planning documents – the EPS, the Campus Master Plan and the 5 Year Capital Improvement Plan.

#### **Required EPS Elements**

- Recommendation(s) for existing facilities
- Recommendation(s) for new facilities
- Projected capital outlay full-time equivalent student enrollment
- Inventory of existing sites and facilities

The procedures to be used in conducting each EPS are specified by the Chancellor's Office.

# 2021 ACCOUNTABILITY PLAN Florida Polytechnic University BOG Approved 6/23/2021

Professional Doctoral	0	0	0	0	0	0	0	0	0	0
Subtotal	31	17	33	48	72	67	57	64	69	74
TOTAL	1,313	1,456	1,422	1,315	1,366	1,457	1,633	1,845	2113	2,284

Note: This table reports the number of students enrolled by student type categories. These headcounts only include those seeking a degree – unclassified students (e.g., dual enrolled) are not included. The student type for undergraduates is based on the 'Type of Student at Most Recent Admission'. The First Time in College (FTIC) student was admitted in the same fall term or in the preceding summer term – this includes those who were readmitted as FTICs.

## ENROLLMENT PLANNING (cont.)

#### Percent of Baccalaureate-Seeking Resident Undergraduates Earning 15+ Credits [Fall term]

GRAD 1	24	14	11	20	35	38	44	50	57	62
GRAD 2	0	0	0	0	0	0	0	0	0	0
TOTAL	888	1,255	1,372	1,286	1,206	1,233	1,518	1,721	1,970	2,130

Note: Full-time Equivalent (FTE) student is a measure of all instructional activity (regardless of fundability) that is based on the number of credit hours for all students during an academic (summer, fall, spring) year. FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. Pursuant to section 1013.31, Florida Statutes, Board facilities staff use this data as a key factor in the calculation of facility space needs for University educational plant surveys.

#### MEMORANDUM

TO: Dr. Randy Avent, President

Florida Polytechnic University

FROM: Kevin Pichard, Director

Finance and Facilities

SUBJECT: Requirements for the Florida Polytechnic University

**Educational Plant Survey** 

This memorandum is to advise you that in accordance with section 1013.31(1), Florida Statutes, an Educational Plant Survey ("Survey") is required to be conducted at Florida Polytechnic University for the upcoming fiscal year, 2021–2022. This section of Florida Statutes requires each Survey to be conducted by the board of trustees or an agency employed by the board of trustees. If you request our assistance for the upcoming Survey, expenses incurred for travel and accommodations by the survey team will be paid by the Board of Governors.

The purpose of the Educational Plant Survey is to recommend capital projects that the university may then request from the Board for the next five (5) years based on an evaluation of comprehensive facility needs. The Board of Governors has a recommended approach to achieving survey validation customized to meet the unique situation of each university.

The Survey consists of two components: Validation and Needs Assessment. Once assistance is requested and accepted, the Board of Governors' staff will work with university staff as required to complete the work. It is strongly recommended that you coordinate with your space utilization and analysis personnel in developing your team. In your request for assistance, please identify who the primary contact will be.

Please contact Kristine Azzato in the Board of Governors' office to schedule and set up an initial coordination and procedures discussion necessary for the university to complete the survey process within the fiscal year. Ms. Azzato can be reached at (850) 245-9503 or via email at <a href="mailto:Kristine.Azzato@flbog.edu">Kristine.Azzato@flbog.edu</a>.

c: Mr. Tim Jones, Vice Chancellor, Finance & Administration/Chief Financial Officer

Dr. Randy Avent, President August 2, 2021 Page 2 of 2

October 19, 2021

Mr. Kevin Pichard, Director, Finance and Facilities Florida Board of Governors 325 West Gaines Street, SE 1614 Tallahassee, FL 32399

Dear Mr. Pichard,

In accordance with Section 1013.31, Florida Statutes, which requires that an Educational Plant Survey be conducted at least once every five years, I am requesting assistance from the Florida Board of Governors with our upcoming educational plant survey.

I am appointing David Calhoun, Assistant Vice President, Facilities and Safety Services, as the Survey Team Facilitator for the Florida Polytechnic University. The University's recognizes the upcoming Educational Plant Survey is scheduled to be conducted Tuesday, December 7, and Wednesday, December 8, 2021, with Monday December 6, 2021, and Thursday December 9, 2021, as traveling days for the Survey Team.

If additional information is needed, please contact:

David Calhoun
Assistant Vice President, Facilities and Safety Services
dcalhoun@floridapoly.edu 863.874.8660

Regards,

May K. Avent

President

Florida Polytechnic University

#### **Building Conditions Assessment Forms**

#### **Unsatisfactory Space to be Terminated**

This report includes the sum of the room areas rolled up at the building level for the five-year Educational Plant Survey. The buildings have been flagged by the University as 'Unsatisfactory Space to be Terminated'.

#### Unsatisfactory Space to be Demolished

This report includes the sum of the room areas rolled up at the building level for the five-year Educational Plant Survey. The buildings have been flagged by the University as 'Unsatisfactory Space to be Demolished'.

### Ineligible Space for Space Needs Calculation

This report includes the sum of the room areas rolled up at the building level for the five-year Educational Plant Survey. The buildings have been flagged by the University as 'Ineligible Space for Space Needs Calculation'.

#### Unsatisfactory Space with No Action Required

This report includes the sum of the room areas rolled up at the building level for the five-year Educational Plant Survey. The buildings have been flagged by the University as 'Unsatisfactory Space with No Action Required'.

#### Unsatisfactory Space to be Remodeled/Renovated

This report includes the sum of the room areas rolled up at the building level for the five-year Educational Plant Survey. The buildings have been flagged by the university as 'Unsatisfactory Space to be Remodeled/Renovated'.

# **Projects Under Construction**

This report includes the sum of the room areas rolled up at the building level for the five-year Educational Plant Survey. The buildings have been flagged by the university as 'Projects Under Construction'.

# Requested Projects for Survey Recommendation

This report includes the sum of the room areas rolled up at the University level for the five-year Educational Plant Survey.

#### Recommended Projects for Remodeling

This report includes the sum of the room areas for remodeling projects rolled up at the building level for the five-year Educational Plant Survey.

# Recommended Projects for Renovation

This report includes the sum of the room areas for renovation projects rolled up at the building for the five-year Educational Plant Survey.

#### RECOMMENDATIONS OF THE SURVEY TEAM

#### Florida Polytechnic University

**Needs Assessment** April 12, 2022

The Survey Team included the following individuals:

Institution Name

Collin Noel Coordinator, Facilities Planner Florida Gulf Coast University New College of Florida

Itza Frisco Asst. Director, Facilities Planning

and Construction

Marty Geanmers Space Coordinator University of North Florida

Kristine Azzato Assistant Director, Facilities Board of Governors Kvndra Freeman Facilities Planner Board of Governors

Based on the assessment of space needs, the fixed capital outlay projects listed below are recommended pursuant to section 1013.31, F.S. All projects recommended have been represented by the university to implement the detail of the campus master plan (CMP) and, if not already included, will be incorporated into CMP updates. Amended surveys can be conducted at a later date should the project scope change in the future.

#### Remodeling:

As per s. 1013.01(17) F.S., "remodeling" means the changing of existing facilities by rearrangement of spaces and their use and includes, but is not limited to, the conversion of two classrooms to a science laboratory or the conversion of a closed plan arrangement to an open plan configuration.

1.1 No projects were presented.

#### **Renovation:**

As per s. 1013.01(18) F.S., "renovation" means the rejuvenating or upgrading of existing facilities by installation or replacement of materials and equipment and includes, but is not limited to, interior or exterior reconditioning of facilities and spaces; air-conditioning, heating, or ventilating equipment; fire alarm systems; emergency lighting; electrical systems; and complete roofing or roof replacement, including replacement of membrane or structure. As used in this subsection, the term "materials" does not include instructional materials.

2.1 No Projects were presented.

#### **New Construction:**

As per s. 1013.01(14) F.S., "new construction" means any construction of a building or unit of a building in which the entire work is new or an entirely new addition connected to an existing building or which adds additional square footage to the space inventory.

Mechanical Industrial Shop (Environmental Engineering)(1209)(Main Campus): Research Lab – 6,100 NASF, Office – 4,250 NASF, Research Support – 2,200 NASF, ZZZ Structural "Shell" Space - 20,000 NSF (space currently unassignable)

This project includes approximately 20,000 NSF of structural "shell" space for future conversion to space types that will serve the educational mission of the university.

#### **Projects Based on Exception Procedure:**

The Survey Team recognizes that Florida Polytechnic University (FPU) is a new start-up university with limited facilities. In the Needs Assessment, FPU presented data demonstrating a need for space as reflected below in recommendation 4.1, including approximately 20,000 NASF of Office space and resulting in their interim inventory exceeding projected need by approximately 47%. The addition of these space types, particularly Office and Campus Support, will facilitate the relocation of administrative staff and various student services to the FPU campus from Polk State College (PSC). The survey team is recommending item 4.1 as an exception (i.e. % of Space Needs Met exceeds 100%) based on the expectation that FPU will relinquish the space at PSC, resulting in a % of Space Needs Met of approximately 108%.

**4.1 Student Achievement Center (1211)(Main Campus):** Study – 10,000 NASF, Office – 20,000 NASF, Auditorium/Exhibition – 2,500 NSAF, Instruct. Media – 6,500 NASF, Campus Support – 2,500 NASF

#### **Demolition:**

5.1 No Projects were presented

#### **<u>Site Improvements and Campus-Wide Utility Infrastructure:</u>** (All Sites)

- **6.1 Land Acquisition:** This is a general recommendation allowing the university to continue purchasing properties surrounding the campus as identified in the adopted Campus Master Plan.
- **6.2 Landscaping/Site Improvements:** This is a general recommendation to continue landscaping, road and site improvements consistent with the adopted Campus Master Plans.
- **6.3 Utility Infrastructure Improvements:** This is a general recommendation to include improvements consisting of items in the categories of chilled water and controls, electrical distributions, storm sewer, sanitary sewer, telecommunications, fiber, energy management control systems, irrigation, water distribution, steam equipment and distribution. The projects consist of improvements, extensions, modifications, and additions to the major utility systems consistent with the adopted Campus Master Plan.

#### **Standard University-Wide Recommendations:**

**SR1:** All spaces necessary for custodial and sanitation services in new facilities are recommended.

**SR2:** All projects for safety corrections are recommended.

Recommendations, Florida Polytechnic University April 12, 2022

- **SR3:** All projects for corrections or modifications necessary to comply with the Americans with Disabilities Act are recommended.
- **SR4:** Any project required to repair or replace a building's components is recommended provided that the total cost of the project does not exceed 25% of the replacement cost of the building.
- **SR5:** Remodeling projects up to \$10 million completed pursuant to s. 1011.45(3)(c), F.S. are hereby recommended provided the resulting percentage of Space Needs Met does not exceed 100%.
