**SUBJECT:** Public Notice of Approval of Amendment to Board of Governors Regulation 6.006, Acceleration Mechanisms

---

**PROPOSED BOARD ACTION**

Consider approval of the amendment to Board of Governors Regulation 6.006, Acceleration Mechanisms.

**AUTHORITY FOR BOARD OF GOVERNORS ACTION**

Article IX, Section 7, Florida Constitution

**BACKGROUND INFORMATION**

Board of Governors Regulation 6.006, Acceleration Mechanisms, defines and outlines acceleration mechanisms available for students to earn college credits before enrolling at a state university and shorten their time to degree. The 2022 Legislature passed Senate Bill 2524, which amends section 1007.271, Florida Statutes. The bill clarifies that postsecondary institutions cannot charge dual enrollment students for instructional materials. Also, the bill prohibits institutions from requiring payment for materials eligible for reimbursement under the Dual Enrollment Scholarship Program as outlined in section 1009.30, Florida Statutes. The proposed amendments to the regulation align regulatory language with the new statutory requirements.

The Board of Governors approved the Public Notice of Intent to Amend Board of Governors Regulation 6.006, Acceleration Mechanisms, at its June 30, 2022, meeting. Following approval of the public notice of intent, no public comments were received, and the regulation as amended is ready for final approval.
