SUBJECT: Licensure Exam Pass Rates

PROPOSED COMMITTEE ACTION

For information

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

At the June 29, 2022 Strategic Planning Committee meeting, the Board received an update on institutional performance on licensure exam pass rates as reported in the 2022 accountability plans. In response to this information, Board of Governors Chair Brian Lamb requested performance improvement plans and information on student outcomes at programs with pass rates below the established benchmarks. Florida A&M University, Florida Atlantic University, and the University of South Florida had programs with licensure pass rates below the established benchmarks. Board staff requested that these institutions provide more detailed information on licensure pass rates, loan information for students who enter the nursing, law, and physical therapy programs, and performance improvement plans for the programs below the established benchmarks.

Ms. Emily Sikes, Assistant Vice Chancellor for Strategic Initiatives and Economic Development, will provide an overview of the institutional responses.
