

**FLORIDA BOARD OF GOVERNORS
NOTICE OF PROPOSED AMENDED REGULATION**

DATE: November 9, 2022

REGULATION NUMBER AND TITLE: 14.003, Fixed Capital Outlay University Budgeting Procedures

SUMMARY:

The proposed amendment is a technical change to the category “Carryforward (CF) – Small Projects”, eliminating the incorrect reference/requirement of it being reflected as a single line item in the university carryforward spending plans. While it is reflected as a single, condensed line item on the FCO Budget, the carryforward spending plan provides line-item detail for each underlying (small) project; i.e. not a “single line item”.

FULL TEXT OF THE REGULATION IS INCLUDED WITH THIS NOTICE.

AUTHORITY TO PROPOSE REGULATION(S): Section 7(d), Art. IX, Fla. Const.; BOG Regulation Development Procedure dated March 23, 2006.

THE BOARD OF GOVERNORS’ OFFICIAL INITIATING THE PROPOSED REGULATION: Tim Jones, Vice Chancellor, Finance/Administration and CFO

14.003 Fixed Capital Outlay Projects – University Budgeting Procedures

(1) Each university will prepare an annual Fixed Capital Outlay (FCO) Budget for all Fixed Capital Outlay (FCO) Projects in accordance with the instructions, guidelines, and standard formats provided by the Chancellor for those FCO Projects as defined in Board Regulation 14.001. The FCO Budget must be approved by both the university board of trustees and the Board of Governors. Such approval remains in effect for the life of the FCO Projects. The annual FCO Budget must include all FCO Projects, including previously approved projects that have not yet been completed.

(2) FCO Projects shall be listed by category or categories in the University FCO Budget as follows:

FCO Budget Categories

a. Education & General (E&G) Operating Projects – This category is consolidated, and includes all FCO Projects, as defined in Board Regulation 14.001, funded from current year E&G operating funds. No individual project in this category funded in whole or in part with E&G operating funds shall exceed \$1,000,000, pursuant to Board Regulation 9.007(3)(a)1.

Boards of Trustees may adopt policies requiring more detailed line item budgeting at the local level.

b. Carryforward (CF) - Small Projects – This category is consolidated and includes all FCO Projects with a total cost up to \$2 million funded in whole or in part from CF funds. No individual FCO project in this category shall exceed \$2,000,000. Allowable uses include maintenance, repair, renovation, remodeling, and demolition of existing educational facilities and existing general site improvements (E&G campus real property improvements), as well as replacement of facilities less than 10,000 gross square feet. This category ~~must be~~ budgeted as a single identical line in ~~both the carry forward spending plan and~~ FCO Budget. This may also be reflected as one of multiple funding sources under categories State Appropriated Projects and Non-Appropriated Projects.

c. Carryforward (CF) – Large Projects – This category includes- FCO Projects funded in whole or in part from CF funds, where the total project cost is greater than \$2 million. This may also be reflected as one of multiple funding sources under categories State Appropriated Projects and Non-Appropriated Projects. Allowable uses include the following:

- i. Completion of a Public Education Capital Outlay (PECO) project that has received a state appropriation and is included on the Board's incomplete project list.
- ii. A renovation, repair, or maintenance project where the total CF expenditure on the project is up to \$5 million.

- iii. A remodeling or infrastructure project, including a developmental research school, where the total CF expenditure is up to \$10 million.
- iv. Repair or replacement of facilities due to damage caused by a natural disaster.

d. State Appropriated Projects includes all FCO Projects using funds originally appropriated as FCO funds by the State of Florida, notwithstanding the criteria provided in Board Regulation 14.001. These funds should never be included in the university operating budget. Examples include PECO and Capital Improvement Trust Fund (CITF).

e. Non-Appropriated Projects includes all FCO Projects that have not directly or indirectly used funds appropriated by the State. Examples of such funding sources would include housing revenue bonds, parking revenue bonds, private donations, federal grants, insurance proceeds, and athletic revenues.

(3) For the purpose of this regulation, Fixed Capital Outlay (FCO) Projects do not apply to those projects acquired, constructed, and owned by a Direct Support Organization or under a Public Private Partnership; the requirements for those projects are addressed in either the Debt Management Guidelines or the Public Private Partnership Guidelines.

(4) The FCO Budget may be amended, subject to use of only the categories authorized in section (2), as follows:

- a. E&G Operating Projects - must be approved by the board of trustees or designee.
- b. CF Small Projects – Individual new projects up to \$2 million, as well as increases up to \$2 million on individual existing projects, must be approved by the board of trustees or designee.
- c. CF Large Projects – Individual new projects added to the FCO Budget, as well as increases greater than \$2 million in CF expenditures on individual existing projects, require Board of Trustees and Board of Governors approval.
- d. State Appropriated Projects – Individual new projects greater than \$5 million, as well as increases over \$5 million to existing individual projects, require Board of Trustees and Board of Governors approval.
- e. Non-Appropriated Projects – All new projects greater than \$5 million, as well as increases over \$5 million to existing projects, require Board of Trustees and Board of Governors' approval.

(5) FCO Project spending may be reported annually at the end of the fiscal year at the project detail level, in a format specified by the Chancellor.

Authority: Section 7(d), Art. IX, Fla. Const., History–New 5-5-2020, Amended 11-4-2021, Amended -2022.
