

STATE UNIVERSITY SYSTEM OF FLORIDA

OPERATING BUDGET Fiscal Year 2022-2023

OVERVIEW

2022-2023 OPERATING BUDGET OVERVIEW

Pursuant to Section 1011.40(2), Florida Statutes, and House Bill 5001, each President has prepared and received approval from their University Board of Trustees for a 2022-2023 operating budget.

The 2022-2023 operating budgets for the state universities were approved by the Board of Governors at their September 14, 2022, meeting.

The universities have developed their operating budgets for each budget entity in accordance with statutory authority, the 2022 General Appropriations Act (GAA), Board of Governors Regulation 9.007, and the information contained in the 2022-2032 Allocation Summary and Workpapers. When developing their operating budget reports, universities utilize traditional appropriation categories and have budget flexibility during the development stage.

A series of fiscal summaries, charts, graphs, and supporting information has been provided as an overview of the State University System's fiscal operations for 2022-2023.

The Education and General (E&G) budget entity reflects the allocation of funds appropriated by the 2022 Legislature and includes previously appropriated trust funds. For 2022-2023, there are three sources of state funding in the GAA: the General Revenue Fund, the Educational Enhancement Trust Fund (Lottery), and the Phosphate Research Trust Fund (Florida Polytechnic University).

For the 2022-2023 academic year, base undergraduate student tuition will remain at \$105.07 per student credit hour.

During the 2022-2023 academic year, eleven of the state universities will be charging a tuition differential fee. Tuition differential collections are expected to provide approximately \$292.0 million for the university system, with revenues to be utilized for need-based financial aid and to support undergraduate education through investments in faculty and advisors, additional course offerings and course sections, and other undergraduate educational resources.

*Important Reporting Notes:

1. Education & General (E&G) Carryforward expenditures - Actual expenditures reported for the 2021-22 fiscal year exhibits include payments made from university E&G Carryforward funds, which are defined as appropriated dollars that were unexpended in the year allocated and that have accumulated as available university fund balances in the Education and General budget entity. This methodology is a departure from history (actual) year reporting for fiscal periods earlier than 2012-13 and must be taken into consideration when comparing expenditures from historical fiscal years, which did not report expenditures from university E&G carryforward (fund balance) funds prior to 2012-13.

2. Education and General operating budget reporting change for the University of Florida trust funds - Beginning with the fiscal year 2021-22 Operating Budget cycle, a material change in the reporting of University of Florida (UF) federal and incidental trust funds becomes effective. For the UF Institute of Food and Agricultural Sciences (IFAS), the UF

Agricultural Experiment Station Federal Grant TF, UF Agricultural Experiment Station Incidental TF, UF Agricultural Extension Service Federal Grant TF, and UF Agricultural Extension Service Incidental TF are no longer included for Education and General reporting. For UF Health, the UF Health Center Incidental TF and the UF Health Center Operations & Maintenance TF are no longer included for Education and General reporting. The UF federal grant trust funds are now reported as sponsored research in the Contracts and Grants budget entity, while the incidental and operations and maintenance trust funds are being reported as Auxiliary Operations. This method of reporting aligns with the UF internal operational trust fund classifications and presents a more accurate representation of UF Education & General appropriations. These trust fund reporting changes must be taken into consideration when comparing historical Education and General operating budget reports with the newly revised FY 2022-23 versions.

STATE UNIVERSITY SYSTEM OF FLORIDA

2022-2023 System Operating Budget

University Summary Schedule I Reports

The state universities are required to submit a detailed plan for each budget entity for the 2022-2023 fiscal year. Universities have developed their budgets in accordance with Board of Governors Regulation 9.007 – State University Operating Budgets and Requests. Each university Board of Trustees has approved an operating budget for the current year.

The State University System (SUS) operating budget consists of five different budget entities: 1) Education and General, which includes both non-medical and medical entities, 2) Contracts and Grants, 3) Auxiliary Enterprises, 4) Local Funds, and 5) Faculty Practice Plans which are affiliated with the universities' medical programs. A description of these entities is provided below:

1. The **Education and General** budget funds the general instruction, research, and public service operations of the universities. A large portion of the system's 2022-2023 beginning fund balance reserves (\$420.8 million) is dedicated to meeting the 7% reserve requirement set forth in Section 1011.45(1) of the Florida Statutes. Additionally, millions of dollars have been reserved by the SUS to cover the costs associated with the hiring of faculty, maintenance of facilities and equipment, the maintenance of each university's financial software system, various research enhancement programs and initiatives, and the potential for budget reduction shortfalls.

NOTES:

- 1) For fiscal 2022-23, the Board of Governors will not be approving the non-operating expenditures line items for University E&G Carryforward or Fixed Capital Outlay at the September meeting. These items will be reviewed and approved at the November 2022 meeting.
- 2) The Florida Postsecondary Comprehensive Transition Program estimated activity, for which the University of Central Florida is the fiscal agent, is reflected in the Education and General budget column.

2. The **Contracts and Grants** budget contains activities in support of research, public service, and training. Large fund balances are due to the timing of receipt of federal contracts or grants.

3. **Auxiliaries** are ancillary support units on each university campus. Major activities include housing, food services, bookstores, student health centers, facilities management, and computer support. Ending fund balances includes financial activities such as debt service payments, reserves, repair and replacement reserves for future maintenance costs, construction and renovation of auxiliary facilities, and prior-year encumbrances.

4. **Local Funds** include the following university activities:

- a) **Student Activities** – Supported primarily by the student activity and service fee revenues generated by the operations of student government, cultural events, organizations, and intramural/club sports.
- b) **Financial Aid** – This activity represents the financial aid amounts for which the university is fiscally responsible. Examples include the student financial aid fee, bright futures, federal grants, college work study, and scholarships. The ending fund balance represents a timing difference between the receipt of the funds and disbursement to students.
- c) **Concessions** – These resources are generated from various vending machines located on the university campuses.
- d) **Athletics** – Revenues are primarily derived from the student athletic fee, ticket sales, and sales of other goods and services. Sufficient fund balances are maintained to provide the necessary support for ongoing athletic activities.
- e) **Technology Fee** – Revenues generated from this fee are to be used to enhance instructional technology resources for students and faculty.
- f) **Board Approved Local Fees** – Resources generated from these local fees are utilized to address student-based needs not currently being met through existing university services, operations, or another fee.
- g) **Self-Insurance Programs** – These programs at UF, FSU, USF, UCF, FAU, and FIU are directed by the respective self-insurance councils and the captive insurance companies (these companies underwrite the risks of its owner and the owner's affiliates). These activities are supported by premiums charged to the insured individuals and entities (primarily medical faculty and institutions).

5. **Faculty Practice** – The Faculty Practice Plans collect and distribute income from faculty billings for patient services to the University of Florida, Florida State University, University of South Florida, Florida Atlantic University, University of Central Florida, and Florida International University Medical Schools and Health Science Centers.

Other notes referred to on the Summary Schedule I report are:

- 6. Other Receipts/Revenues includes items such as interest, penalties, refunds, admissions, fines, taxes, etc.

These resources are generated primarily from the activity and service fee which each university is authorized to charge its students as a component of the fee schedule. The level of the fee varies by university, depending on the purposes and programs for which it is intended to support. Activities commonly supported by these revenues include student government, cultural events, organizations, intramural/club sports, etc. The level of revenue varies among universities since the operating philosophies vary by campus. For example, a portion of UF's revenue is deposited into the auxiliary enterprises budget entity in support of the Reitz Union. Conversely, FSU operates its student union within the student activity budget.

Concession revenues are royalties that are generated from various vending machines located throughout the campus of the universities. Since the methods of operation vary among universities, the level of revenues differ. For example, a university may have fewer vending machines because strategically located food service units serve most of its needs. In turn, revenues generated from concession activities are mainly used to pay the cost of operating the vending machines on campus. These resources are also allocated to various academic, administrative, and student units on campus to fund a variety of activities such as student recruitment and retention programs; faculty, staff and student recognition programs and various organizations and events.

FACULTY PRACTICE PLANS

The Faculty Practice Plan budget contains data related to not-for-profit corporations organized to collect and distribute to the University of Florida, University of South Florida, Florida State University, University of Central Florida, Florida International University, and Florida Atlantic University health science and medical centers' income from faculty billings for patient services. These patient services are provided in conjunction with the educational and research programs of the health science and medical centers. The total estimated 2022-2023 Faculty Practice Plan expenditures for the system is \$762,737,794.

The University of Florida (UF) has established a Faculty Practice Plan budget for 2022-2023 of \$440,085,859, a 13.1 percent decrease over actual 2021-2022 expenditures. During the 2008-2009 fiscal year the University of Florida Health Center changed the reporting methodology for the Academic Enrichment Fund (AEF), which has historically been reported as a component of the UF Faculty Practice Plan corporations. All AEF fiscal activity is now reported in UF's Contracts and Grants budget entity, significantly reducing the Faculty Practice Plan budget when compared to previous periods.

The University of South Florida has established a total budget for 2022-2023 of \$289,483,054, which represents a 1.2 percent increase from actual 2021-2022 expenditures. Florida State University has established a total budget for 2022-2023 of \$9,611,797, an increase of 30.4 percent over actual 2021-2022 expenditures. The University of Central Florida has established a total budget for 2022-2023 of \$14,563,620, an increase of 111.4 percent over actual 2021-2022 expenditures.
