University 2023-24 PECO request

**Footnotes**

- 1) Based on the Revenue Estimate Conference held August 5, 2022. Funding estimates provided by DOE are preliminary and subject to change pending approval.
- 2) Includes private gifts/donations, funding raising, etc., generally speaking. May also include Carryforward funds. For the purpose of the above, FY22-23 GAA Section 197 federal funding for "Public Education Capital Outlay" and "Deferred Bldg Maintenance Program" is considered PECO/GR funding.
- 3) In the event of a tie score between projects, the project with the lowest Remaining PECO Need will be given priority.
- 4) COE = FAMU-FSU College of Engineering. Section 1001.706(12) governs PECO scoring with certain eligibility criteria for inclusion in the Preliminary Selection Group. In light of its separate and distinct operating appropriation in the GAA, as well as its unique Governance Council, to facilitate its inclusion in the above process, the Board considers COE a "state university", with a Total NASF of 221,457, and the COE Governance Council has indicated that FAMU-FSU College of Engineering Bldg. C is its #1 priority project.
