Dashboard Project Update

Dashboard Project

The 2018 task force was charged with identifying the most critical drug, alcohol, & mental health issues in the SUS & developing System-wide recommendations to address critical issues

All 12 institutions have fully implemented the recommendations from the initial report

Student Wellness

- ✓ Implement the American College Health Association's National College Assessment
- ✓ Implement Healthy Campus

Drugs and Alcohol

- ✓ Rebrand the collegiate student experience around healthy & reasonable choices
- ✓ Align policies with practice to support the desired student/campus culture
- ✓ Implement best practices focused on prevention & early intervention
- ✓ Support students with non-drinking/non-drug using lifestyle

Mental Health

- ✓ Provide Student Life Skills/Wellness Courses
- ✓ Create or reorient campus services focused on proactive & responsive mental health well-being
- ✓ Implement peer education programs
- ✓ Administer a comprehensive needs assessment for incoming freshman students

Additional Recommendations

All 12 institutions have fully implemented the additional recommendations from the initial report

✓ **Kognito**

Train current faculty & staff on awareness of mental health & suicide prevention by January 2021

✓ **Summit**

System Student Wellness Summit (every 2 years)

✓ **College Health Survey**

Use key metrics in National College Health Assessment to evaluate initiatives (every 2 years)
