Student Wellness Updates

Dr. Mitch Cordova
Chair of the Council for Student Affairs
January 25, 2023
www.flbog.edu
The 2018 task force was charged with identifying the most critical drug, alcohol, & mental health issues in the SUS & developing System-wide recommendations to address critical issues.
All 12 institutions have fully implemented the recommendations from the initial report

**Student Wellness**
- Implement the American College Health Association’s National College Assessment
- Implement Healthy Campus

**Drugs and Alcohol**
- Rebrand the collegiate student experience around healthy & reasonable choices
- Align policies with practice to support the desired student/campus culture
- Implement best practices focused on prevention & early intervention
- Support students with non-drinking/non-drug using lifestyle

**Mental Health**
- Provide Student Life Skills/Wellness Courses
- Create or reorient campus services focused on proactive & responsive mental health well-being
- Implement peer education programs
- Administer a comprehensive needs assessment for incoming freshman students
All 12 institutions have fully implemented the additional recommendations from the initial report

- **Kognito**
  Train current faculty & staff on awareness of mental health & suicide prevention by January 2021

- **Summit**
  System Student Wellness Summit (every 2 years)

- **College Health Survey**
  Use key metrics in National College Health Assessment to evaluate initiatives (every 2 years)
Hazing Prevention Initiatives & Hazing Incident Report Update
Hazing Prevention

Best Practices

- Anti-hazing Website
- 24/7 Reporting System
- Programming & Training
- Dissemination of Policies
Initiatives to Reduce Hazing

**Education & Events**

- Required training for student organizations
- Peer educators & university staff tabling on campus
- National Hazing Prevention Week
