

## **14.001 Definitions**

(1) “Board of Trustees” means the university board of trustees; where referenced in Chapter 14, trustee authorization may not be delegated unless otherwise specified.

(2) “Chancellor” means the Chancellor of the State University System, or designee.

(3) “Construction budget” means that amount which is announced after the deadline for the receipt of bids, but prior to the opening of bids.

(4) “Construction Management Services” means those services whereby the construction manager is selected pursuant to Regulation 14.0055, to provide consulting services during the design phase; and management and contractual responsibility for the total construction project under a negotiated fee and guaranteed maximum price construction contracting method. A fee is negotiated for profit, overhead, and direct management costs. Trade contracts are awarded by the construction manager based on competitive bids received in response to invitations to bid issued by the construction manager. A guaranteed maximum price is provided by the construction manager, and the total price paid to the construction manager is either the fee plus the actual cost or the guaranteed maximum price, whichever is less.

(5) “Continuing Contract for Construction Management Services” means a contract with a construction manager for work during a defined time period on construction projects described by type, which may or may not be identified at the time of entering into the contract, and under which the estimated construction cost of each individual project does not exceed \$4 million.

(6) “Continuing Contract for Professional Services,” also referred to as Campus Service Agreements, means a contract for professional services entered into in accordance with all the procedures of Regulations 14.004 and 14.005 between a university and a firm whereby the firm provides professional services to the university for projects in which the estimated construction cost of each individual project under the contract does not exceed \$4 million; for study activity, if the fee for professional services for each individual study under the contract does not exceed \$500,000, or for work of a specified nature as outlined in the contract required by the university, with the contract being for a fixed term.

(7) Critical Need – capital needs that require immediate action to restore a facility to normal operation, stop accelerated deterioration, or correct a cited safety hazard, especially those conditions that potentially impact an entire campus or pose a risk to health and safety.

(8) Deferred Maintenance and Repairs – Maintenance and Repair activities not performed when they should have been or scheduled to be due to a lack of resources (e.g. funding, labor, time) or other management action. As such, the needed repairs/maintenance are not performed and deferred to a later date. This includes preventive maintenance and/or repairs needed to preserve or maintain the

asset, and failure to perform it leads to asset deterioration and, ultimately, asset impairment.

(9) Deferred Capital Replacement and Renewal – postponing the replacement of infrastructure and/or building systems (e.g. roofing systems, HVAC, boilers, chillers, sprinkler systems, etc.) after they have reached their mechanical life expectancy based on the manufacturer’s stated timeline or that of industry standard, whichever is longer.

(10) “Design-Build Services” means those services whereby one single legal entity selected, pursuant to Regulation 14.0055, is responsible for design and construction services under one contract. Where such services are within the scope of practice of architecture, or professional engineering as defined by law, they are to be performed by a registered architect or professional engineer, and where those services are within the scope of construction contracting as defined by law for construction, they are to be performed by a certified or registered contractor as applicable according to Florida Statute.

(11) “Fixed Capital Outlay Projects” (FCO Projects) means the construction, acquisition, or demolition of fixed assets or real property (land, land improvements, buildings including appurtenances, fixtures and equipment) including additions, replacements, major repairs, remodeling, and renovations to real property which materially extend the useful life or materially improve or change its functional use, including furniture and equipment necessary to furnish and operate a new or improved facility, provided all such projects meet at least one of the following criteria:

- a. Land, land improvements, or buildings with an expected useful life of 20 years or more, and in excess of \$100,000 or the university’s dollar value capitalization threshold for the subject asset classes.
- b. Appropriated by the State as Fixed Capital Outlay.

(12) “Guaranteed Maximum Price” means the fixed amount in a negotiated contract within which the construction will be achieved. It includes both the fee and construction cost.

(13) “Maintenance and Repair” means the upkeep of university facilities, site and site improvements; including but not limited to, roof or roofing replacement short of complete replacement of membrane or structure; repainting of interior or exterior surfaces; resurfacing of floors; repair or replacement of glass; repair of hardware, furniture, equipment, electrical fixtures, and plumbing fixtures; and repair or resurfacing of parking lots, roads, and walkways are all examples of the types of expenses that could be charged to either.

(14) “President” means the university president, or designee.

(15) “Professional Services” means those services within the scope of the practice of architecture, professional engineering, or registered land surveying as defined by law or those performed by any architect, landscape architect, professional engineer, or registered land surveyor in connection with professional employment or practice or other professional services that may be required.

(16) “Project” means that fixed capital outlay construction project, study, or planning activity described in the Public Notice, including:

- a. Individual facilities;
- b. Grouping of substantially similar facilities, rehabilitation, and/or renovation activities; or
- c. Grouping of minor facilities, rehabilitation, and/or renovation activities.

(17) Projected Maintenance and Repairs – a current and long term forecast of routine maintenance and repairs, both scheduled and unscheduled, necessary to maintain a building/facility’s functionality and aesthetics as well as help sustain its value and useful life. This includes, by reference, items in s. 1013.01, F.S. for “Maintenance and repair”.

(18) Projected Capital Replacement and Renewal – a current and long term forecast of capital needs over a predetermined period, representing the addition of a permanent, durable change or the restoration of an aspect of an asset/facility that will enhance the overall value, increase its useful life and/or adapt it to a new use. Generally, this would include activities described in “Remodeling” and “Renovation”, as defined.

(19) “Remodeling” means the changing of existing facilities by rearrangement of spaces and their use and includes, but is not limited to, the conversion of two classrooms to a science laboratory or the conversion of a closed plan arrangement to an open plan configuration.

(20) “Renovation” means the rejuvenating or upgrading of existing facilities by installation or replacement of materials and equipment and includes, but is not limited to, interior or exterior reconditioning of facilities and spaces; air-conditioning, heating, or ventilating equipment; fire alarm systems; emergency lighting; electrical systems; and complete roofing or roof replacement, including replacement of membrane or structure; and upgrades and replacement of campus infrastructure, including, but not limited to roads, water, sewer, gas, steam, chilled water loops, and electrical systems.

(21) “The University Facilities Office” means any office at a university with authority for design and construction administration.
