**PROPOSED COMMITTEE ACTION**

Consider approval of Public Notice of Intent to Amend Board of Governors Regulation 8.002, Self Supporting and Market Tuition Rate Program and Course Offerings.

**AUTHORITY FOR BOARD OF GOVERNORS ACTION**

Article IX, Section 7, Florida Constitution

**BACKGROUND INFORMATION**

Board of Governors Regulation 8.002, Self Supporting and Market Tuition Rate Program and Course Offerings, outlines the requirements and process for universities to offer courses and programs as self-supporting and/or charge market tuition rates.

The proposed amendment aligns Regulation 8.002 to section 1009.24, Florida Statutes. The amendment clarifies that university boards of trustees may submit a proposal for market tuition rates for graduate-level courses offered online or through the university's continuing education program when such courses are included as a major of an existing approved degree program or as a college-credit certificate program. The amendment also makes a series of technical revisions to the minimum required information that must be included in a market tuition rate program proposal.

If approved by the Academic and Student Affairs Committee and the Board of Governors, the amended regulation will be available for public comment for 14 days. If no concerns are raised, the regulation will come before the Board of Governors for final approval at the next meeting.

Dr. Christy England, Vice Chancellor for Academic and Student Affairs, will provide an overview of the amendment to the regulation.
