SUBJECT: State University System Research and Innovation Dashboard Update

PROPOSED COMMITTEE ACTION

For information

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

In September 2016, the Board approved a 19-metric Research and Innovation Dashboard to document the progress the System is making toward the \$3 billion expenditure goal and achieving national and international prominence in research. The dashboard includes metrics that quantify research activity and growth in the categories of “Research Contracts and Grants,” “Innovation,” “People,” and “Return on Investment.” The first dashboard was presented to the Academic and Research Excellence Committee in March 2018, with updates annually.

Ms. Emily Sikes, Assistant Vice Chancellor for Strategic Initiatives and Economic Development, will present the 2023 dashboard to the committee.
