2. Program faculty develop methods for assessing student achievement of the expected core student learning outcomes within the context of the program;

3. University personnel use program evaluation systems (which may include sampling) to evaluate the program and related assessment practices to analyze their efficacy in determining whether program graduates have achieved the expected core student learning outcomes; and

4. University personnel use the evaluation results to improve student learning and program effectiveness.

(c) As appropriate, this regulation shall support and be supported by regional and specialized accreditation efforts, as well as the program review procedures in Regulation 8.015.
