AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

The State University System *2025 Strategic Plan for Online Education*, which was adopted by the Board of Governors in 2015 and amended in March 2022, continues to guide the delivery of online education in the SUS and provides a pathway for ensuring that quality online instruction and services are provided in an efficient and effective manner.

The Board's progress in implementing the Strategic Plan is monitored through an annual System-level report. The three major elements of the *2025 Strategic Plan*, Access, Quality, and Affordability, remain the themes that guide the reporting in the Annual Report.

A summary of the *2022 Annual Report for Online Education* was presented to the Innovation and Online Committee that focused on and highlighted the current status of online education in the SUS. The Committee approved the 2022 Annual Report.
