

Florida Online INNOVATION SUMMIT

2023 EVENT SUMMARY: MARCH 30

Hosted by

Digital Learning

The Florida Online Innovation Summit is a venue to advance the state-of-the-art in online learning. By bringing together thought leaders, researchers, and educators to share transformational projects, we push the boundaries of technology and practice to disrupt existing models and positively impact students.

of participants will
attend the summit
again

100%

of participants would
recommend to a friend
or colleague

“

Meeting people from other FL schools, learning how their teams run, that we have similar challenges.

“

Fantastic presentations, great food, a lot of networking opportunities.
