Footnotes
1) Based on the Revenue Estimate Conference held August 9, 2023 and the resulting funding estimates provided by DOE on 8/10/23. Figures are considered preliminary and subject to change with the subsequent Revenue Estimating Conferences.
2) Generally speaking, this category includes private gifts/donations, but may also include Carryforward funds.
3) In the event of a tie score between projects, the project with the lowest Remaining PECO Need will be given priority.
4) The FAMU-FSU College of Engineering is uniquely governed by a Governance Council, receives a separate and distinct operating appropriation in the GAA, and has its own Educational Plant Survey performed. For the purpose of Criteria 3 above, it has its own facilities inventory and its needs are assessed separately from FAMU and FSU.

Footnotes

1) In the case of multiple projects per university, the cumulative Total Needs Met should not exceed the university's Total Unmet Space Need (unless EPS recommended).
