**PROPOSED COMMITTEE ACTION**

Consider approval of Public Notice of Intent to Amend Board of Governors Regulation 2.003, Equity and Access.

**AUTHORITY FOR BOARD OF GOVERNORS ACTION**

Article IX, Section 7, Florida Constitution

**BACKGROUND INFORMATION**

Board of Governors Regulation 2.003, Equity and Access, outlines the State University System's anti-discrimination policy and describes the Board's expectations that each university implements policies, programs, and practices to promote and ensure equal access and opportunity for all students and current and prospective employees. Board staff propose an amendment to Regulation 2.003 to align with section 1000.05, Florida Statutes, Florida Equity in Education Act; section 1006.71, Florida Statutes, Gender Equity in Intercollegiate Athletics; section 110.112, Florida Statutes, Affirmative Action: Equal Opportunity Employment; and section 760.10, Florida Statutes, Unlawful Employment Practices.

The proposed amendment changes the name of the regulation from "Equity and Access" to "Equal Access and Opportunity." It also adds that discrimination based on pregnancy is prohibited on university campuses. The proposed amendment also reduces the number of items institutions must annually report, including information on specific initiatives and performance related to equity and access in academic services, programs, and student enrollment. It also removes the requirement to report the representation by race and sex in student enrollment, senior-level administrative positions, and faculty rank and tenure status. The proposed amendment also implements an annual assessment by the Chancellor on the progress of each university's plan in support of equal opportunity in intercollegiate athletics. Finally, the proposed amendment eliminates the Florida Equity Report Guidelines review by the Council on Equal Opportunity and Diversity.

If approved by the Academic and Student Affairs Committee and the Board of Governors, the amended regulation will be available for public comment for 14 days. If no concerns are raised during that time, the regulation will come before the Board of Governors for final approval at the next meeting.

Ms. Emily Sikes, Assistant Vice Chancellor for Strategic Initiatives & Economic Development, will provide an overview of the proposed amendment to this regulation.
