

**STATE UNIVERSITY SYSTEM OF FLORIDA
BOARD OF GOVERNORS
Strategic Planning Committee
January 24, 2024**

SUBJECT: MyFloridaFuture Update

PROPOSED COMMITTEE ACTION

For information

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

Section 1006.751, Florida Statutes, directed the Board of Governors to publish a State University System career planning online tool by January 1, 2022. The tool aims to assist students and families in making better-informed decisions about educational options and future employment opportunities. The online tool must present data, by academic discipline, of graduates of state universities, including at least the following information related to student outcomes.

- Post-graduation median salaries 1, 5, and 10 years after graduation
- Median student loan debt
- Student loan debt-to-income ratios
- The percentage of graduates who have continued their education beyond the baccalaureate level

The statute additionally requires that a link to the dashboard be prominently displayed on each state university's office of admissions website and that undergraduate students be directed to the dashboard.

Board of Governors staff developed and launched the [MyFloridaFuture](#) online student outcomes dashboard as required in January 2022. The student outcome and wage data are updated every two years, and Board staff recently completed the 2024 update.

Mr. Zachary Reddick, Deputy Chief Data Officer, will provide an update regarding the MyFloridaFuture tool.
