I. INTRODUCTION

The allocation of resources to the twelve universities and the seven special units has been developed in accordance with the 2024 General Appropriations Act (GAA) – House Bill 5001 (Chapter No. 2024-231, Laws of Florida). The Appendix contains relevant sections of the GAA, Implementing Legislation – House Bill 5001 (Chapter No. 2024-231 Laws of Florida), and other important information. It is the responsibility of each university board of trustees to assure compliance with legislative conditions and restrictions as they affect the budgets of their state university.

Appropriated funds for the State University System (SUS) are provided in the Education and General (E&G) budget entity. The 2024-2025 Allocation Summary is based on the 2023-2024 estimated expenditures reported as the base in the 2024-2025 Legislative Budget Request (LBR) plus any additional appropriations provided by the Legislature.

A. Appropriated Program Component

The 2024-2025 Allocation Summary was developed using the Grants and Aids (G/A) and Special Categories within the Education and General program component as follows:

II. ALLOCATION GUIDANCE

A. Issues Impacting All Institutions

1. Student Tuition and Fee Charges

The 2024 Legislature did not recommend a base undergraduate student tuition increase; therefore, tuition will remain at \$105.07 per credit hour as required by s. 1009.24(4)(a), Florida Statutes. The Student and Other Fees Trust Fund budget authority was established based on no tuition increase for undergraduate students and no increase for resident graduates, professionals, and all out-of-state students.

Section 1009.24, F.S., requires the Board of Governors to establish tuition for graduate and professional programs and out-of-state fees for all programs. Each state university is required to publicly notice any proposal to change tuition or fees at least 28 days before being considered at a university board of trustees meeting.

Additionally, proviso language states that the general revenue funding provided to each university is contingent upon each university complying with the tuition and fee policies established in the proviso language and Part II of section 1009, Florida Statutes. Funds appropriated to a specific university entity shall not be affected by the failure of another university entity to comply with this provision.

2. Additional fee requirements

Pursuant to Board Regulation 7.001(10), each student enrolled in the same undergraduate college credit course more than twice shall be assessed a total of \$248.52 per student credit hour charge in addition to the traditional tuition and fees charged per

student. This amount is an increase of \$43.87 per student credit hour from the prior fiscal year. These college credit hours shall not be included in calculations of full-time equivalent enrollments for state funding purposes. Universities may make exceptions to this provision for individualized elective coursework, courses repeated due to the requirements of a major, and courses that are intended to continue over multiple semesters. The amount the student pays through base tuition plus the repeat course fee makes up the full cost per credit hour.

3. Student tuition / other revenue projections

For fiscal year 2024-25, section 1011.4106, Florida Statutes, allows universities to expend tuition and fees collected during the 2024-25 fiscal year and carried forward from the prior fiscal year and deposited in local accounts. Tuition and fee revenues may be expended from local accounts according to the tuition and fees policies established in Part II of section 1009, Florida Statutes.

B. Cost-to-Continue/Base Budget Programs

1. Technical Transfer Adjustments

Technical adjustments between main campuses, branch campuses, and medical schools are needed to support activities such as, but not limited to, plant operations and maintenance adjustments, health insurance adjustments, and other operational and administrative adjustments required by the receiving entity.

C. Performance Funding

1. Performance-Based Incentives Funding - \$645 M

The Legislature provided additional support for Florida's higher education system by allocating \$645 M in university performance funding for the 2024-25 fiscal year. This total consists of two components: an investment of \$350 M in non-recurring incentive funds for FY 2024-25 and a reallocation of institutional base funding of \$295 M in recurring funds. Allocation of these funds will be based on the maximum number of excellence or improvement points achieved using 2024 Accountability Plan data.

D. University Initiatives / Medical School Initiatives

1. Incentives for Programs of Strategic Emphasis - \$38.5 M

Funding for tuition and fee waivers in twelve Programs of Strategic Emphasis has been provided in FY 2024-25 for those eligible for waivers pursuant to section 1009.26, Florida Statutes. Funds shall be distributed for waivers provided during the fall, spring, and then summer academic terms.

2. Operational Enhancements/Support - \$385.5 M

The Legislature provided \$385.5 million dollars in funding for operational enhancements and support to the state universities. For the past eight years in a row, Florida has been the number one state in the nation for higher education, and this investment will allow state universities to continue to build on our successes with high-quality educational offerings.

UF - \$95 M

UF/IFAS - \$1.5 M

FSU - \$75 M

FAMU - \$11 M

USF - \$35 M

USF - Cybersecurity \$25 M

FAU - \$7 M

FGCU - \$21 M

FIU - \$16 M

UCF - \$50 M

UNF - \$19 M

UWF - \$12 M

NCF - \$15 M

FPU - \$3 M

3. UF – Lastinger Center for Learning - \$30.2 M (Included in the \$95 M UF Operational Enhancements/ Support)

Section 1003.485, Florida Statutes, establishes the University of Florida Lastinger Center for Learning as the administrator for the New Worlds Reading Initiative and Tutoring Programs. These recurring funds are provided for the New Worlds Reading Initiative pursuant to section 1003.485, Florida Statutes, and are allocated to support the development and implementation of statewide initiatives to support early learning coalitions, school districts, and schools in improving student achievement in reading and mathematics. The funds are allocated as follows:

- \$3 M For the administrator to provide a system of professional learning for early learning coalitions to improve child care instructor quality (per s. 1002.83, F.S.)
- \$18.4 M For the administrator to implement the New Worlds micro-credential program, mathematics micro-credential, and reading endorsement incentives (per s. 1002.995, 1003.485, 1004.561, and 1023.586, F. S.)
- \$1.8 M For the administrator for the development and delivery of a literacy-focused online professional learning system for teachers (per s. 1001.215, F.S.) and for Literacy Coach Endorsements and the Literacy Leadership Professional Learning Series
- \$1 M For the administrator to implement the mathematics professional learning and micro-credential program (per section 1004.561, F.S.)
- \$4 M Provides funds to the Florida Lastinger Center for Learning to administer the New Worlds Reading Initiative and New Worlds Scholarship programs
- \$2 M Section 72 reappropriates the unexpended balance from 2023-24 Specific Appropriation 97, Chapter 2023-239, Laws of Florida, for the Science of Reading Literacy and Tutoring Program to the University of Florida as the administrator for the New Worlds Tutoring Program

4. USF - Enterprise Cybersecurity Resiliency - \$35.5 M

Funds provided to the Florida Center for Cybersecurity at the University of South Florida (USF) will be used to position Florida as a national leader in cybersecurity and its related workforce through education, research, and community engagement. \$500,000 of these funds will be used to operate and maintain a Cyber Attack and Simulation Range which provides training and testing in a simulated environment. \$25 M is also provided to USF for the establishment of affiliated sites at the state universities and

colleges across Florida.

5. FIU - Adam Smith Center for Economic Freedom - \$16 M

The Adam Smith Center for the Study of Economic Freedom at Florida International University was established by the Florida Legislature in 2020. During the legislative session, the Center was renamed as the Adam Smith Center for Economic Freedom. The 2024-25 funds allow for the study of the effect of government on individual freedom and human prosperity and the exchange in civil discussion of democracy and capitalism. The Center is required to partner with the Institute for Freedom in the Americas to promote economic and individual freedoms focusing on Latin America and the Caribbean.

E. Non-recurring Projects

For the 2024-2025 fiscal year, the Legislature appropriated the following non-recurring projects:

- 1. Florida Atlantic University
 - a. Max Planck Florida Scientific Fellows Program \$1.1 M (SF 1483 and HF 2095)
- 2. Florida State University
 - a. Boys and Girls State \$200,000 (SF 1348 and HF 2234)
 - b. Institute for Pediatric Rare Diseases \$5 M (HF 2248)
 - c. Wakulla Springs Research \$750,000 (SF 2827 and HF 3523)
- 3. University of Central Florida
 - a. Post Traumatic Stress Disorder Clinic for Florida Veterans and First Responders \$875,000, (SF 1166 and HF 1798)
- 4. University of Florida
 - a. Whitney Laboratory for Marine Bioscience \$1.2 M (SF 3234 and HF 3330)
- 5. University of Florida/IFAS
 - a. Wild Turkeys Statewide Initiative \$1.6 M (SF 1450 and HF 3069)
 - b. Hickory Sink Strategic Ecosystem \$1.9 M (SF 2061 and HF 3601)
- 6. University of Florida/Medical Center
 - a. Alzheimer's and Dementia Research \$4.3 M (SF 2658 and HF 1095)
 - b. Biomedical Innovation & Technology \$7.5 M (SF 2699 and HF 2616)

- c. UF Health Jacksonville Forensic Interview Center \$500,000 (SF 2039 and HF 3334)
- 7. University of South Florida St. Petersburg
 - a. Trafficking in Persons (TIP) Risk to Resiliency Lab \$750,000 (SF 3190 and HF 1885)

F. Fixed Capital Outlay

The Legislature also appropriated \$38.7 M in Fixed Capital Outlay funds for the following University of Florida projects:

- 1. UF-IFAS Camp Cherry Lake Outdoor Learning Center Facilities \$900,000 (SF 1526 and HF 1254)
- 2. UF-Health Alzheimer's and Dementia Research \$750,000 (SF 2658 and HF 1095)
- 3. UF-IFAS Hickory Sink Strategic Ecosystem Land Acquisition \$37 M (SF 2061 and HF 3601)

G. Recurring Projects

The following recurring base projects were appropriated by the Legislature for fiscal year 2024-2025:

- 1. FAMU Crestview Education Center \$1.5M
- 2. FAU Max Planck Scientific Fellowship Program \$889,000
- 3. FIU FIUnique \$3.9 M
- 4. FSU Student Veterans Center \$500,000
- 5. UNF Advanced Manufacturing & Materials Innovation \$855,000
- 6. UWF School of Mechanical Engineering \$1 M
- 7. UWF Veteran & Military Student Support \$250,000
- 8. UF-IFAS Animal Agriculture Industry Science & Technology \$2.2 M
- 9. UF-IFAS Cervidae Disease Research \$2 M
- 10. UF-IFAS Florida Shellfish Aquaculture \$250,000
- 11.UF-IFAS Forestry Education \$1.1 M
- 12. UF-IFAS Statewide Water Budget Data Analytics Pilot Project w/ DEP \$1.4 M
- 13. USF Medical Center Center for Neuromusculoskeletal Research \$300,000
- 14. USF Medical Center Veteran PTSD Study \$125,000
- 15. USF Medical Center Veteran PTSD & Traumatic Brain Injury Study \$250,000
- 16. USF Medical Center Veteran Service Center \$175,000

17. UCF Medical School – Crohn's and Colitis Research - \$337,000

18. FIU Medical School – Neuroscience Centers of Florida Foundation - \$1.5 M

III. FISCAL GUIDELINES FOR 2024-2025 APPROPRIATIONS

Funds appropriated for the 2024-2025 fiscal year have been allocated for the development of operating budgets in accordance with the guidelines outlined below. The conditions and restrictions placed upon these appropriations by proviso language in the 2024 GAA and by other statutory provisions will guide the universities in the development and submission of their 2024-2025 operating budgets.

For FY 2024-25, there are several changes to the employer contribution rates. Pursuant to Senate Bill 7024 (Chapter No. 2024-92, Laws of Florida). the following changes are effective July 1, 2024:

- Regular Class FRS normal costs remain at 6.73%. Unfunded Actuarial Liability (UAL) costs for regular class members will increase from 4.78% to 4.84%.
- Special Risk Class –FRS normal costs will remain at 18.66%. UAL increases from 11.95% to 12.07%.
- Senior Management Class FRS normal costs remain at 8.56%. UAL remains at 23.90%
- DROP FRS normal costs remain at 8.49%. UAL remains at 10.64%.
- Retiree Health Insurance Subsidy for all classes remains at 2.00%.

When administered funding provided for **Casualty Insurance Premiums adjustments** is released by the Governor's Office to the Florida Department of Education (FDOE), the FDOE will send these funds directly to the universities as directed by the Board of Governors' Budget Office. Each university will be responsible for submitting payment to the Division of Insurance based on invoices received from the Division of Risk Management.

A. Prior-Year Reconciliation

The starting point of each year's allocation is the prior-year base, which incorporates permanent budget amendments made during the fiscal year. Near the end of each fiscal year, the Board Budget Office establishes a cut-off date and amendment number that will represent the base and starting point for the next year's allocation process. This year the base was established after Amendment #2; therefore, the initial 2023-2024 allocation plus permanent 2023-2024 amendments comprise the base,

which is the 2024-2025 Estimated Expenditures. The "Prior-Year Reconciliation" section of the allocation summary document contains the specific transactions.

B. Appropriation Category / Disbursements

The Board of Governors' Budget Office accounts for the allocation and expenditure of Grants and Aids appropriations by appropriated program component and traditional expenditure category. Universities will continue to receive general revenue disbursements from the Florida Department of Education via electronic funds transfer around the 5th and 20th of each month.

C. Proviso Language

Details of selected proviso language, including certain items that require special instructions, are as follows:

"Funds in Specific Appropriations 9 through 13 and 145 through 162A are provided as grants and aids to support the operation of state university entities. Funds provided to each university entity are contingent upon that university following the provisions of sections 1000 through 1013, Florida Statutes, which relate to state universities. Any withholding of funds pursuant to this provision shall be subject to the approval of the Legislative Budget Commission."

Special Instructions: None

"Each university board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual programs or projects within the university by more than 10 percent during the 2024-2025 fiscal year, written notification shall be made to the Executive Office of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Board of Governors."

Special Instructions: None

"From the funds provided in Specific Appropriation 147, \$645,000,000 is provided for State University System Performance-based Incentives. The funds available for allocation to the universities based on the performance funding model shall consist of the state's investment of \$350,000,000 in non-recurring funds, plus an institutional investment of \$295,000,000 in recurring funds to be redistributed from the base funding of the State University System. The Board of Governors shall allocate all appropriated funds for State University System Performance-based Incentives based on the requirements in section 1001.92, Florida Statutes."

Note: Funds were allocated by the Board of Governors on June 27, 2024

"From the funds provided in Specific Appropriation 147, \$100,000,000 is provided for State University System Performance-based Recruitment and Retention Incentive. These funds should be allocated based on the maximum number of excellence points using the data from the 2024 Accountability Plan. The Board of Governors shall provide guidance to ensure these funds are used for the recruitment and retention of full-time instructional and research personnel. Universities that receive preeminence funding in Fiscal Year 2024-2025 are not eligible to receive these funds."

"From the funds in Specific Appropriation 147, the Board of Governors Foundation shall distribute \$335,000 in recurring funds to state universities for Johnson Scholarships in accordance with section 1009.74, Florida Statutes. Sixty percent of such funds shall be released at the beginning of the first quarter and the balance at the beginning of the third quarter."

Special Instructions: None

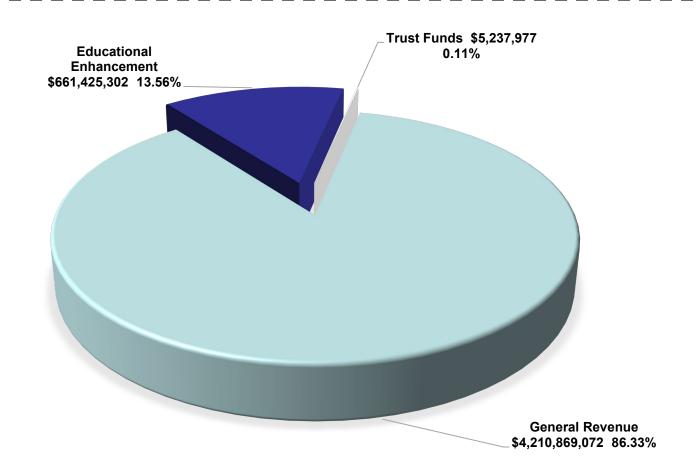

D. Operating budgets and Carryforward Spending Plan

Each university and special unit shall furnish a data file that includes their approved operating budgets, complete with an Education & General (E&G) Carryforward Spending Plan, to the Board of Governors' Budget Office. From the data files, budgets will be published and forwarded for consideration by the Board of Governors and for informational purposes to the Executive Office of the Governor and the House and Senate Appropriations Committees. Questions regarding the preparation of university operating budgets should be directed to the Board Budget Office.

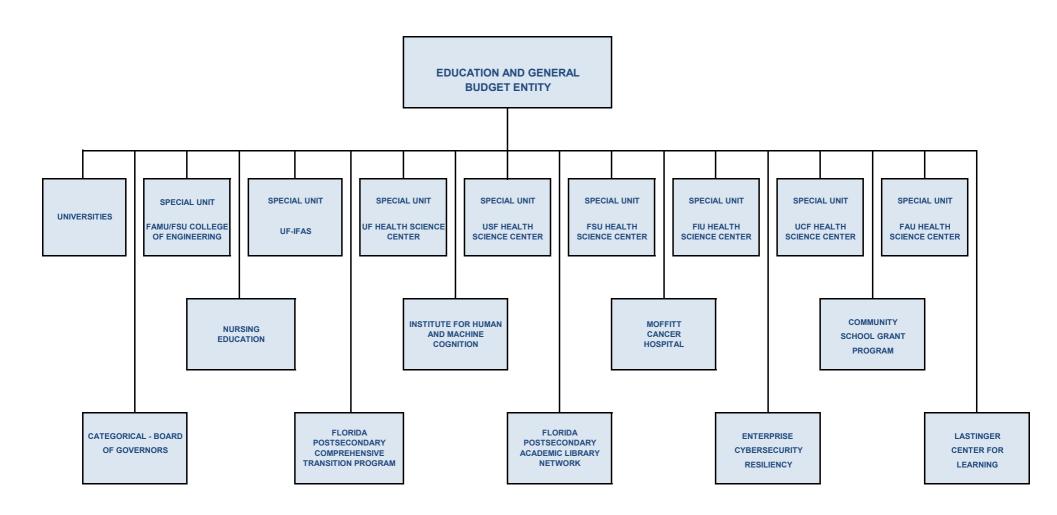

As a result of the appropriation of Grants & Aid, the instructions for the development of the 2024-2025 operating budgets by the universities will continue to allow considerable flexibility. The operating budgets should continue to reflect the universities' anticipated expenditures by traditional program components.

Previously, the annual operating budget process extracted university data from the Florida Accounting and Information Resource (FLAIR) system for both the history year and the current (estimated) year. All state universities officially left the FLAIR system on July 1, 2004. University operating budget data shall continue to be submitted in a format that will allow the Board of Governors' Office of Data Analytics and Budget Office to generate comparable data reporting pursuant to Board Regulation 9.007. The data contained in the Salary Category Detail File may be used to support the annual operating budgets. The university operating budgets are to be submitted to the Chancellor by August 16, 2024.

Performance Funding Detail

Board of Governors Performance Funding Model Overview

The Performance Funding Model includes 10 metrics that evaluate the institutions on a range of issues. One metric is a Choice metric, picked by the university boards of trustees. These metrics were chosen after reviewing over 40 metrics identified in the University Work Plans.

The model has four guiding principles: 1) use metrics that align with SUS Strategic Plan goals, 2) reward Excellence or Improvement, 3) have a few clear, simple metrics, and 4) acknowledge the unique mission of the different institutions.

Key components of the model:

- Institutions will be evaluated on either Excellence or Improvement for each metric.
- Data is based on one-year data.
- The benchmarks for Excellence were based on the Board of Governors 2025 System Strategic Plan goals
 and analysis of relevant data trends, whereas the benchmarks for Improvement were determined after
 reviewing data trends for each metric.
- The Florida Legislature and Governor determine the amount of new state funding and an amount of institutional funding that would come from each university's recurring state base appropriation.

Metrics Common to all Institutions:

Nine metrics apply to all twelve institutions. There are two exceptions: Metric 8b for New College and FL Poly and Metric 9b.1 for FL Poly.

Metrics Common to all Institutions									
1. Percent of Bachelor's Graduates Employed (Earning \$40,000+) or Continuing their Education	6. Bachelor's Degrees Awarded in Areas of Strategic Emphasis								
2. Median Wages of Bachelor's Graduates Employed Full-time	7. University Access Rate (Percent of Undergraduates with a Pell-grant)								
3. Average Cost to the Student (Net Tuition per 120 Credit Hours)	8a. Graduate Degrees Awarded in Areas of Strategic Emphasis8b. Percentage of Newly Admitted FTICs with High School GPA of a 4.0 or Higher- for NCF only								
4. Four Year Graduation Rate (Full-time FTIC)	 9a. Three-Year Graduation Rate for FCS Associate in Arts Transfer Student 9b. Six-Year Graduation Rate for Students who are Awarded a Pell Grant in their First Year 9b.1 Academic Progress Rate, 2nd Year Retention for FTIC with a Pell Grant – for FL Poly only 								
5. Academic Progress Rate (2 nd Year Retention with GPA Above 2.0)	10. Board of Trustees Choice								

Board of Trustees Choice Metric – Each Board of Trustees has chosen a metric from the remaining metrics in the University Work Plans that are applicable to the mission of that university and have not been previously chosen for the model.

How will the funding component of the model work?

To ensure each university is striving to excel and improve on key metrics, there must be a financial incentive. That financial incentive will not only be new state funding, but an amount of the base state funding reallocated.

Board of Governors Performance Funding Model Overview

State Investment versus Institutional Base Funding:

The amount of the state investment appropriated by the Legislature and Governor for performance funding will be matched by an amount reallocated from the university system base budget. These "institutional base" funds are the cumulative recurring state appropriations the Legislature has appropriated to each institution. Any state investment funding appropriated would be allocated as follows:

<u>Institutional Base Funding Allocation</u>

- 1. A prorated amount will be deducted from each university's base recurring state appropriation.
- 2. On a 100-point scale, a threshold of 60-points is established as the minimum number of total points needed to be eligible for the institutional investment.
- 3. Any institution that fails to meet the minimum point threshold for the institutional investment must submit an improvement plan to the Board for consideration at its August/September meeting that specifies the activities and strategies for improving the institution's performance. As of July 1, 2016, an institution is limited to only one improvement plan.

State Investment Funding Allocation

- 1. Each university metric is evaluated based on Excellence or Improvement and has ten benchmarks ranging from low to high. The lowest benchmark receives one point, while the highest receives ten points. The higher point value for Excellence or Improvement on each metric are counted in the university's total score.
- 2. The state investment will be allocated based on points earned, with a maximum of 100 points possible.
- 3. On a 100-point scale, institutions with the top 3 scores are eligible for their proportional amount of the state's investment. In the case of a tie for the top 3 scores, the tie will go to the benefit of the institutions.
- 4. All SUS institutions with a score the same or higher as the previous year, are eligible for their proportional amount of the state's investment.
- 5. Any institution with a score less than the previous year but the previous year's score was higher or the same than the year before, are eligible for their proportional amount of the state's investment.
- 6. Any institution with a score lower than the previous year's score for two consecutive years must submit a student success plan to the Board for consideration at its August/September meeting that specifies the activities and strategies for improving the institution's performance metrics in order to be eligible for their proportional amount of the state's investment. If approved, up to 50 percent of the allocation shall be released. A monitoring report shall be considered by the Board during the March meeting. If approved, up to the remaining balance of the allocation shall be released.
- 7. Any institution with a score lower than 70 points must submit a student success plan to the Board for consideration at its August/September meeting that specifies the activities and strategies for improving the institution's performance metrics in order to be eligible for 50 percent of their proportional amount of the state's investment. If approved, up to 25 percent of the allocation shall be released. A monitoring report shall be considered by the Board during the March meeting. If approved, up to the remaining balance of half of the allocation shall be released.
- 8. The remaining funds of each institutions state's investment shall be distributed to the top three scoring institutions (including ties) based on the total number of points of the top three scoring eligible institutions.
