Article IX, Section 7, Florida Constitution.

**BACKGROUND INFORMATION**

Chair Levine will facilitate a governance discussion which will include a preliminary review of university governance and discuss potential enhancements to the governance regulations.

The Nomination and Governance Committee passed a motion on the floor to have the Chancellor, in consultation with universities and in consultation with the Chair of the Nomination and Governance Committee, choose an independent third-party expert in university governance, subject to Board of Governors final approval, and partner with the Board of Governors and the universities to review governance documents of all state universities, which includes all delegated authorities, and all Board of Governors governance regulations to recommend best practices. The Board of Governors will then consider those recommendations to consider potential regulations and amendments. The Board of Governors will also convene a special meeting on July 1, 2026, to consider the confirmation of the University of Florida President-Elect, the UF Housing item, and the confirmation of the one-year extension for the Florida Gulf Coast University President.
